5. The fifth part of the document outlines the procedures for handling financial matters. It details the steps for budgeting, forecasting, and reporting. The text also discusses the importance of maintaining a clear and concise financial statement that provides a comprehensive overview of the organization's financial health.

6. The sixth part of the document focuses on the management of human resources. It discusses the importance of recruiting and retaining qualified staff, as well as the need for ongoing training and development. The text also mentions the importance of maintaining a positive work environment and fostering a sense of team spirit.

About the time our ancestor Conrad Euler came to Philadelphia with his family in September 1729, something occurred about that time in the life of Ben Franklin a printer, who later became our ambassador to France during the Revolution.

Franklin operated a print shop in Philadelphia, and here are some of the dates and events during this period:

1. In Sept 1730 Franklin married Deborah Read
2. In Oct 27, 1729 just about one month after Conrad arrived here, Franklin ran an ad offering for sale the following items from his print shop Bibles, testaments, Psalters, psalm books, bills of lading, bonds with judgement, common blank money bonds, bills of sale, powers of attorney, writs, summons, promisory notes.
3. In 1728 Franklin got a contract to print paper money for the colony of Pennsylvania.
4. In 1729 Franklin discussed in his newspaper the " Pennsylvania Gazette" the Massachusetts assembly.
5. In 1728 Franklin printed his " Articles of belief"
6. In 1731 Franklin fathered a illegitimate son named William

EULER, EILAR, ILLER, ILER, OYLER, OILER, AND OTHER SPELLINGS
OF THIS FAMILY IN AMERICA

Our ancestor came to America, with his family, on the ship "Allen" on September 11, 1729. Records of the Church of the Brethren, show he was a member of this church, and their pastor and founder of the church. Alexander Mack was one of the passengers.

Records show Conrad also signed the Oath of Allegiance at Philadelphia.

Dr John S Eilar of Albuquerque NM, Cleo Griggs Gilchrist of Boise Idaho, and others have done quite a bit of research, on the original family. What I show here is largely from their work, plus what was done by Mrs Neslie Norman Schorn of Tulsa Oklahoma.

I find on researching the Oyler name as spelled here, in the telephone directories for all the states, covering the principal cities, there are about 650 Oylers listed. In addition I checked the records of immigrants to Philadelphia from 1729 to 1805, and there are about 8 more Oylers came over, with spelling similar to ours.

We feel that our family came from Maar parish, near Lauterback, Hessen West Germany. We find about 20 Oylers listed in a recent telephone directory from Lauterback. Ned Oyler of Eagle Colorado, recently had a friend of his stop in Lauterback and interview some of the Oylers (spelled Euler in Germany). Church records there indicate that the family goes back to about 1400.

There is a crest of the Oylers on the church wall in Maar, and I have included here further ahead a letter from Karl Euler, a retired Major in the German army who has been researching in Germany.

There is some confusion about the date of birth from church records in Maar, but it appears that Conrad Oyler was born between 1675 and 1690, and his father was Michael Cyler.

Our Conrad brought with him his wife Margaret_____, have not been able to find her maiden name and sons Jacob, Valentine, and daughters Elizabeth, Maria Dorothea, Catarina, And Anna Barbara.

No one has been able to find the sons listed in the ships passenger list, however the girls and Margaret were listed, but later evidence shows when Valentine begun buying his brother and sisters interest in his fathers land after his death in 1751, that the boys would have been born in Germany, but their names did not appear on the ship list.

I have tried to include family lines for all Oylers I could get acquainted with, from the first family of Conrad's down to the present day Oyler or other family member.

Dear Monroe:

A friend of mine spent a month in Germany. He came from a town about 60 miles from Maar or Lauterback, and he spent 2 days there doing research for me, on our Oyler family. The people there met him with open arms. One person is compiling a book on what happened to the Oyler families that left for America. This person has researched our Oyler line back to 1447. It is all drawn out on one cloth the size of a bed sheet.

The parish where Conrat Euler was christened in 1697 (other records show him born in 1675), has been repaired and rebuilt a number of times, but they have records of it being there since 1266, and suspect it dates back another 600 years. It was last rebuilt after the war in 1946. In 1970 a young priest came and 8 years ago it was repainted.

The priest had the foresight to photograph all the crests (coat of arms). The crests were located on the panels as marked on the enclosed picture of the interior of the church. A colored enlargement will be sent to me in the future.

The family tree mentioned above, will be taken to an Abbey and have a print made of it, since they have the means of doing this on a large document, this family tree takes the Euler family back to 1447.

This friend brought me back a book of the history of Maar, but it is in German. If you feel that you could get it translated, maybe I could get it zeroxed, about 140 pages. It tells how the people would mortgage their land and lose it to Heir Hessen. It also tell how each family would give their children portions, and in 1706 a law was passed forbidding this. It was ignored until 1714 when it was enforced. After this the young people left in large numbers, since they could not own land.

I have enclosed a page from a current phone book, showing the Eulers listed.

Karl Euler is a retired army major, his son is an english teacher at the university. The last day there my friend was taken to visit Karl Euler who had done a lot of research and is thrilled to hear from us since we are writing a book on the Oyler family tree. Karl is also writing a book on the Euler family tree, and it lists 4 different ^{ways} leaving there for America. He wants to add into his book what has happened here.

The priest is very anxious for contact and by working through this german friend of mine, who will be visiting there each year (Maar area) I believe we might have something.

I will send you copies of the pictures that are coming, plus snap shots taken.

We are going to Utah for a family reunion on July 18, 1981. The priest will be back on July 27, 1981 and we hope he will get the crest and family tree to us soon after that. I will also send you another group of my family sheets soon, but I believe what I have here is worth waiting a little while, for it to arrive from germany. I will share it with you, when your book is finished, I'm sure we will want quite a few of them.

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are based on the principle of the conservation of energy.

2. The second part of the paper is devoted to a discussion of the experimental results obtained in the study of the structure of the atom. It is shown that the experimental results are in good agreement with the theoretical predictions of the theory of the structure of the atom.

1. The first part of the paper is devoted to a general discussion of the problem. It is shown that the problem is of great importance in the theory of differential equations. The second part is devoted to the construction of the solution. The third part is devoted to the study of the properties of the solution. The fourth part is devoted to the application of the results to the theory of differential equations.

2. The second part of the paper is devoted to the construction of the solution. It is shown that the solution can be constructed by the method of successive approximations. The third part is devoted to the study of the properties of the solution. It is shown that the solution is unique and that it satisfies the boundary conditions. The fourth part is devoted to the application of the results to the theory of differential equations.

ARRIVAL IN PENNSYLVANIA

It was not until 1729 that Mack led the Wittgenstein group on the long and dangerous ocean voyage from the Netherlands to the New World. In 1727 Mack had sold his share of the inheritance from his father-in-law John Valentine Kling (who died in Schriesheim in 1714), while in Surhuisterveen. Neither of the two Anna Margaret Macks given on the passenger list of the *Allen* refers to Mack's wife, who died in September 1720, according to the entry in Alexander Mack's Bible, now preserved in Bridgewater College, Bridgewater, Virginia.

It is probable that some of those listed were not members of the Brethren group, but merely passengers on the same ship. The names have been edited in an attempt to reconstruct more accurate spellings, since the lists were written by English clerks who had great difficulty spelling German names. Although there is a less complete list with actual signatures, some of the group were illiterate and their names were also written by clerks on this list as well.

Arrival of the Allen Recorded

There was some disagreement with John Digges about the land owned by Conrad and Valentine Eyler, so in 29 of August 1746 Valentine Eyler made a deposition, showing him to be 24 years old at that time and the son of Conrad Eyler, to help prove the ownership of the land

Shown below is a copy of the deposition:

From the research of Dr Eiler and Cleo Grigg Johnson Gilchrist, the original immigrant Oyler family that came to Philadelphia in 1729 were:

Conrad	born about 1675	died 1751
Margaret	born before 1700	died in Manheim twp. York Co Pa
Elizabeth	born about 1711	Married Lawrence Schnep
Maria Dorothea	Born about 1713	married Frederick Gelwix
Catarina	born about 1715	married Jacob Vertreez
Jacob	born about 1717	married Anna Maria _____
Anna Barbara	born about 1719	married Frederick Croyder
Valentine	born about 1722	married(1)Appollina (2) Susanna_ died 1790

The following shows when 3 of the daughters of Conrad and Margaret were married:

Page 85 of the above:

The following shows when Conrad and son Jacob acquired some land in Lancaster County Pennsylvania

The "Pennsylvania Archives Series" volume xxlv page 399 show that Conrad and Jacob Eyler each appeared on same day and took out warrants for tracts of land 200 acres in Lancaster County, 3 October 1738.

Dr Eiler's personal search of records(1936) in recorder of deeds office York, Pa showed the land was on a branch of Codorus Creek, on the West side of the Susquehanna river, then part of Lancaster County, now in Manheim Township, York Co Pa. The land was near the town of Hanover Pa, in Southwest part of York Co, near the Pa and Maryland state line.

Dr Eiler visited Hanover at that time and received these records:

from "German Element in York Co" by Dr Wentz " in the thriving town of Hanover, in 1734, Conrad Eyler and son Valentine settled on Diggs tract receiving their warrants in 1738.

On the next page is a map of the Conrad Eiler and Valentine Eyler land

There is a great deal of
work to be done in the
field of the history of the
United States. The first
step is to collect the
materials which are
available. This is a task
which has been
undertaken by many
persons, but it is still
far from complete.

The second step is to
analyze the materials
which have been collected.
This is a task which
has been undertaken by
many persons, but it is
still far from complete.

The third step is to
synthesize the materials
which have been analyzed.
This is a task which
has been undertaken by
many persons, but it is
still far from complete.

Betr.: Ihren Brief vom 11.9.1981 Stammbau der Familie Euler aus Maar.

Ich freue mich über die Entdeckung eines weitläufigen Vetters in den USA. Der in meinem Besitz befindliche Stammbaum wurde von meinem Onkel in Maar und einem weiteren Vetter Ferdinand Euler, damals als Pfarrer in Erfurt, nach Eintragungen aus den Kirchenbüchern in Maar und Lauterbach, sowie aus dem Archiv der Freiherrn Riedesel in Lauterbach und aus Auszügen aus dem Deutschen Geschlechterbuch, Band 98, im Jahre 1934 zusammengestellt und im Jahre 1946 vom Sammelarchiv Iller-Euler in Bad-Salzschlirf im Entwurf herausgebracht. Die Autoren hatten besondere Schwierigkeiten aus dem Mangel an Aufzeichnungen aus dem 30-jährigen Krieg (1618-1648) und dem 7-jährigen Krieg (1756-1763) die beide unsere Heimat arg verwüsteten. Erst mit der Einführung der Kirchenbücher ab 1766 liegen dann einwandfreie Eintragungen vor.

Da Sie aber so gute Angaben über Ihre Vorfahren machen konnten, konnte auch ich meine Suchaktion auf die Zeit zwischen 1670 und 1729 beschränken. Dabei stellte ich fest: Im Jahre 1677 war Michael Euler Bürgermeister in Maar, er starb am 22.10.1694 und war zweimal verheiratet gewesen. Die 2. Ehe mit einer Anna Helfenbein erfolgte am 4. 4. 1675 und erbrachte 5 Kinder, deren erster Sohn Konrad Euler, geboren am 4.7.1675 das weitere Glied in meinem Stammbaum darstellt, und auch hier starb..Über das Geburtsdatum des Michael Euler, sowie über den Mädchennamen seiner ersten Frau und über Kinder aus dieser Ehe liegen keine Angaben vor. Es sind in diesem Zeitabschnitt auch keine Aussagen über einen weiteren Konrad Euler und auch über dessen Sohn Valentin Euler, geboren 1722, vorhanden. Nun weiß ich nicht, sind die Autoren damals, um den Stammbaum übersichtlicher zu halten, an diesem Namen vorbeigegangen, was ich vermute, denn daß Kinder aus der ersten Ehe nicht genannt wurden sagt nicht aus, daß keine da waren, oder es hat die damaligen Sucher nicht interessiert. Es ist also notwendig, diesen Michael Euler einmal näher zu betrachten und auch etwas über seine erste Ehe zu erfahren.

Ich werde dies tun und Ihnen dann gegebenenfalls darüber berichten. Ich bin fest davon überzeugt, daß Ihre Vorfahren in diese Lücke gehören.

Pfarrer Schneckner aus Maar, der sich auch meiner Meinung anschließt, hat Ihnen ja inzwischen eine Ablichtung meines Stammbaum-Entwurfs zugesandt.

bitte wenden

Ich hoffe, Sie kommen damit zurecht.

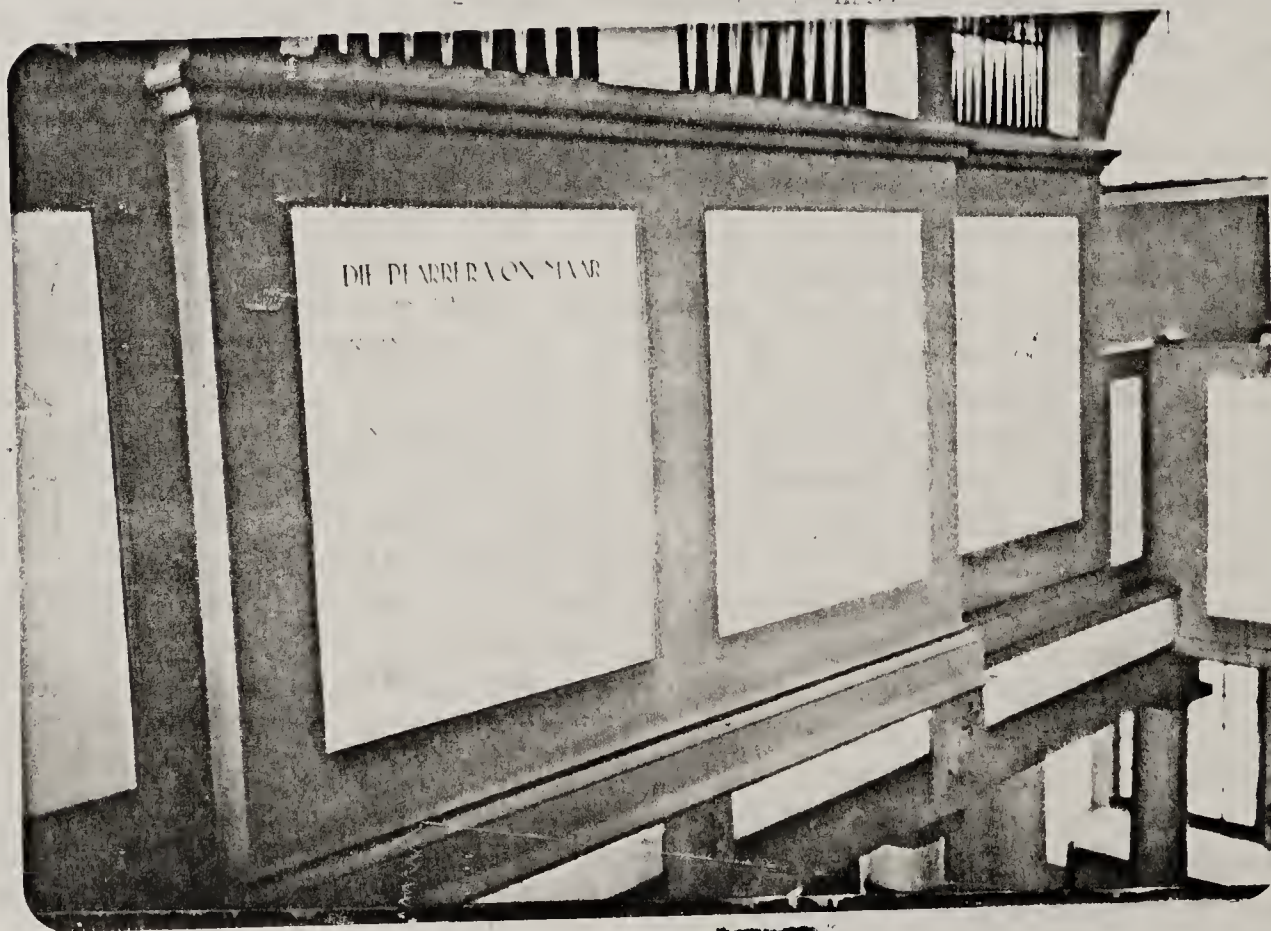

Machen Sie doch Ihrer Urheimat mal einen Besuch. Ich würde mich sehr freuen und Sie einweisen.

Sie sind jederzeit herzlich eingeladen.

Mit freundlichen Grüßen

Ihr - entfernter Vetter

Harold Miller

This letter translated from German in December 1981, the letter was written November 4, 1981 by Karl Euler of Lauterbach Germany

Re: Your letter of November 9, 1981 Family tree Euler From Maar.

I'm glad to discover a distant cousin in the USA. The family tree in my possession was compiled by my uncle in Maar and my cousin Ferdinand Euler, was a parson in Erfurt from church records in Maar and Lauterbach, as well as from Baron Riedesel of Lauterbach archives, and from German Genealogy Book. Volume 98 which was compiled in 1934 and published in 1946 by Iller-Euler in Bad-Salzschlert. The authors had special difficulty in finding information during the time of the 30 year war(1618-1648) and the 7 year war(1756-1763), both of which destroyed much of our county. Clear records are only available from 1766 when the church started keeping records.

However since your information for the period 1670-1729 is so good, I was able to concentrate on that time. This is what I found: Michael Euler was mayor of Maar in 1677, he died October 22, 1694, and was married twice. The second marriage to Anna Helfenbein on April 4, 1675 produced 5 children, whose first son Konrad Euler born July 4, 1675 and deceased here. In the family link I have followed there is no information on Michael Euler's birth date, nor maiden name of his first wife or whether there were any children from the first marriage.

Also, in this period there is no information Re: Konrad Euler or his son Valentine Euler, born 1722 available. I have no idea if this information was deliberately bypassed, which I suspect, the fact that no children from the first marriage does not mean that there were none, or it was of no interest to the family tree searchers. It is therefore necessary to further investigate this Michael Euler and to learn more about his first marriage.

I will undertake this and report to you further. I'm convinced that your ancestors belong in this space.

Rev Schneckner from Maar, who is of the same opinion has in the meantime sent you a copy of my family tree.

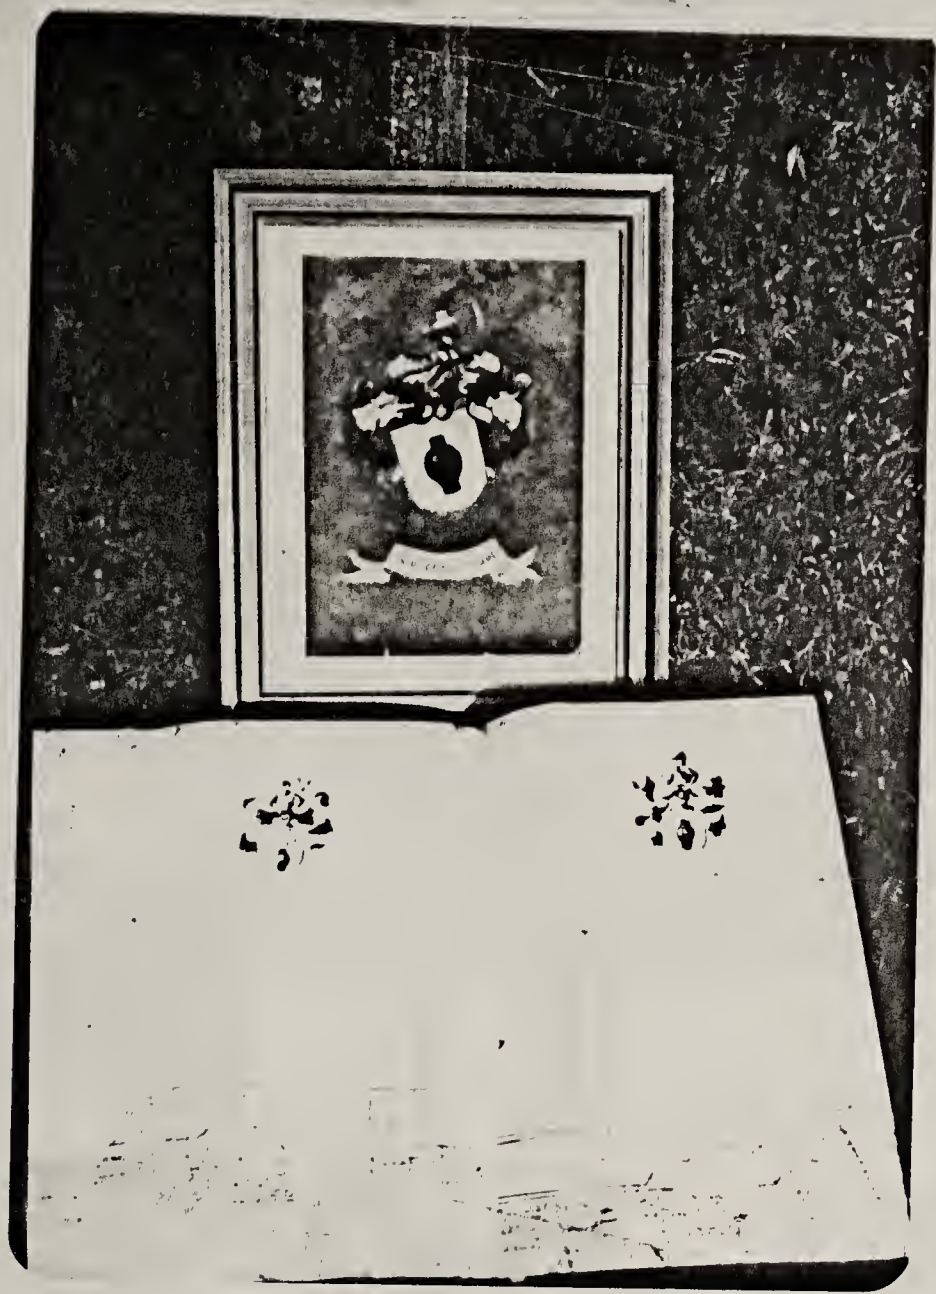

I hope this has been of some help to you.

Why not visit us some time? I'd be delighted to see you and show you around.

Best Regards

Herrn W. Monroe Oyler!

^{my obligation to you in addition ever who reply on}
~~Lieber~~ ^{your letter from} Monroe, ich schulde Dir noch immer die Antwort auf
Deinen Brief vom 20. September 1982. Du fragst darin nach den

^{otherwise} 10 Euler, Eyler oder Oyler die zwischen 1729 und 1804 in
Philadelphia angekommen sind. ^{now my card will unfortunately come} Ich kann die leider nur mitteilen,
^{refers under mans secretary have put some out pocket} daß diese Männer in meiner persönlichen Linie nicht vorkommen. ^{line I have not written to be found}

In meiner Linie aus Maar sind nur 2 Männer, der Valentin Euler
geboren am 22.3.1826 und der Konrad Euler geboren am 9.12.1832,
die nachweislich nach Amerika ausgewandert sind. Aber wie und
wann sie dort angekommen und wo sie gelebt haben ist leider nicht
bekannt. Ich habe aber die 10 Namen an das Kirchenamt in Maar und
zur Ahnenforschung weitergegeben und sofern ich darüber Neues
erfahre, werde ich selbstverständlich sofort an Dich schreiben.

Für heute möchte ich Dir und Deinen Angehörigen meine allerbesten
Wünsche und Grüße zum Weihnachtsfest senden und auch für das
Neue Jahr viel Erfolg und vor allem beste Gesundheit.

Politische Fortschritte in der europäischen Vereinigung und eine
engere Zusammenarbeit mit den Vereinigten Staaten mit dem Ziele
zur Erhaltung des Friedens und der Freiheit sind die weiteren
Wünsche für 1983. Wir, hart an der Grenze zwischen Ost und West,
und die Verwandten meiner Frau in Thüringen, ostwärts der Grenze,
beheimatet, tragen doch den größten Teil der Last für das ge-
teilte Vaterland. Aber mit sicherem Gottvertrauen und der eigenen
Willenskraft wollen wir auch die kommenden Aufgaben lösen. Möge
uns der Hergott dazu die Kraft geben.

In treuer Verbundenheit mit den herzlichsten Grüßen
Dein entfernter Vetter

Herrn W. Monroe Oyler!

Dear Monroe,

I still owe you a reply to your letter of September 20, 1982, in which you asked about the 10 Euler, Eyler or Oyler, who arrived in Philadelphia between 1729 and 1804. I am only able to tell you that these men are not mentioned among my descendants. In my familyline from Maar only 2 men, Valentin Euler, born March 22nd, 1826, and Konrad Euler, born December 9th, 1832, have been traced back, and that they immigrated to America. But how, and when they arrived there, and where they lived afterwards, is unfortunately not known. I have passed on the ten names to the parish in Maar and also to the genealogical research, and should I receive any news, I would certainly write to you.

Today, I would like to send to you and your family my best wishes for the Christmas Season and much success and good health for the New Year. Also hope for 1983 that there will be progress in politics for a united Europe and close relationship with the United States, with the goal to preserve peace and personal freedom. We, close to the border of East and West, and my wife's relatives in Thüringen east of the border, carry the largest part of the burden for the divided homeland. But with faith in God and our own determination, we will solve any future problems. May God give us enough strength.

Sincere greetings in true friendship,
your distant cousin.

March 2, 1914

My Dear Cousin:

Your letter of February 6th was received. In reply would say that my grandfathers name was Michael Oyler--spelled his name as you do. He was a brother of your great grandfather and married Barbara Jacobs, of near Waynesboro, whose two brothers, Michael and David were the founders of Gettysburg College. Would like to know the names of all of grandfathers brothers and sisters.

Several years ago I saw a german bible in the home of one of our cousins who lived at that time on a large brick farm house on the hill just above the West Fayetteville RR Station.

The family name was written in it in german, Eyler, I failed to note whether the bible contained the family record. Neither do I know the name of the cousin who lived there but think he belonged to the same family as Harry Oyler at the Fayetteville Creamery. Think Lee knows him.

Am very much interested in the family geneology and thank you for your information.

Have searched the records at Philadelphia-Penna. Archives-Gettysburg. Will with this the results of my efforts.

If the records were not all burned at Chambersburg by the Confederates would be glad if you would search records of early deeds, wills and tax lists. Have not been able to get hold of the link between the early settlers and those supplied by you. Father and grandfather died when I was an infant and mother knew very little about the family. Cousin Sarah Hegarty supplied most of the information she had. Mother did attend the funeral of Andrew, I think, at the Falling springs but but father died soon after in March 1860.

As a result of my researches I believe that probably the correct spelling of the name is Euler, which in german would be pronounced as you spell it.

The Encyclopedia Britanica, 9th edition, gives the biography of Leonard Euler, great mathematician, who was born in Basle, Switzerland, in 1707 and died in 1783.

In Philadelphia Free Library, corner of 13th and Locust Sts. the Penna. Archives contain the names of immigrants who land at Philadelphia from 1721 to 1781 I think. There are three lists of names (1) the ships captains, (2) lists of the men who took oath of allegiance to this government, (3) I forget. The second list is more correct because names were written by immigrants and therefore spelled correctly.

A man by the name of Rupp also compiled a list, none of the lists, however are complete because they do not give the names of all women and children.

From these sources I have gleaned the following information:

1. John Georg Eyler landed Oct 3 1737 passengers-75 names of list.
2. Conrad Eyler landed Oct 3, 1737 took out warrant for 200 acres of land Oct 3, 1737 in Lancaster Co. which at that time included York, Adams, Cumberland and Franklin Counties. Found no record of Conrads landing. May have been on boat with John Georg.

Mother always said three brothers John, Conrad and Jonas came over together and John was my great grandfather, who owned a big plantation in Frederick Co Md. My great grandfather may have been a son of the immigrant whose name was John and a brother of Conrad and Jonas.

3. A Conrad Eyler had a survey of land in Frederick Co Md. in 1794 ? of 137 acres called Eilers Connection, and another in 1796? of 7 acres called Eilers Requisite, This may have been the son of the first Conrad or perhaps a nephew.

4. Jacob Eyler took out warrant for land in Lancaster Co Oct 3, 1738. Jacob Eyler a taylor, was in the Philadelphia tax list for 1780 in Cumberland Co Tax list for 1783 and a pensioner as private Penna Militia Aug. 14, 1832.

5. Adam Euler, spelled in Rupp's list aged 33 years arrived from Rotterdam Oct 12, 1741. Took out warrant for land in Lancaster Co Jan 11, 1741.

6. Conrad Euler arrived Sept or Aug 7, 1802 from Bremen.

7. J C Euler arrived Aug 11, 1804.

8. John Jacob Eyler arrived Sept. 5, 1748

9. Henry Eyler arrived Nov 7, 1754

10. Jacob Eyler arrived Sept. 30, 1774

11. Frederick Eyler was on York Co tax list for 1779, five members in fam

12. John Eyler was on York Co tax list for 1779

13. Peter Eyler was on Lancaster Co Tax list for 1772--part of Lancaster Co. now Liberty Township, Adams Co.

14. Will of Valentine Ciler was probated in York Co. (now known as Menallen twonship, Adams Co.) in April 1790.

Widow, Susanna

Children, Jacob, John, Magdalena, Frederick, Valentine, Katharion, Mary, Christina and Susanna.

15. Buried at Arndtsville, Asams Co. the following named Oyler:

Daniel, Lewis, Hohn, Michael, Jacob and Valentine.

16. Valentines children--Jacob, William, George, Alexander, John, Wsley, Ann, Elizabeth, Rachael, Susana, and Mary, who is Mrs Nicholas who lived in Chambersburg, perhaps the district attorneys mother or grandmother.

17. I have records of a number of wills including several of grandfathers brothers--one of whom is your great grandfaher. Among the rst is that of Jacob Oyler which was probated in 1807. His signature in german is writter Fulner, which written out in English would be Eueler and pronounced would be nearly Oiler or Oieler. The nearest approach to the sounds in English would be Eyler.

One of Jacobs sons was Michael so I think this is the branch of the family from which grandfather came but I cannot get the connecting link. This Jacob probably had a brother John, your great grandfather.

No doubt Arndtsville is named from Jacob Arendt whose daughter Mollie married Jacob Oyler.

(Such is the letter of the Rev Clarence A Eyler from which I get and if you read it over carefully the following information which is practically all I have of the early family history to which I believe you can or go back Valentine and Jacob the sons of Conrad.

The first part of the paper is devoted to a general discussion of the problem of the origin of life. It is shown that the problem is not only a scientific one, but also a philosophical one. The scientific aspect of the problem is concerned with the question of how life arose from non-life. The philosophical aspect is concerned with the question of whether life is a necessary part of the universe or whether it is a mere accident.

The second part of the paper is devoted to a discussion of the various theories of the origin of life. These theories are divided into two main classes: the theory of spontaneous generation and the theory of biogenesis. The theory of spontaneous generation is the older of the two and is based on the idea that life can arise from non-life. The theory of biogenesis is the newer of the two and is based on the idea that life can only arise from life.

The third part of the paper is devoted to a discussion of the evidence for and against the theory of spontaneous generation. It is shown that there is a great deal of evidence in favor of the theory of spontaneous generation, but that there is also a great deal of evidence against it. The evidence in favor of the theory of spontaneous generation is based on the fact that life has been found to arise from non-life in a number of cases. The evidence against the theory of spontaneous generation is based on the fact that life has never been found to arise from non-life in a single case.

The fourth part of the paper is devoted to a discussion of the evidence for and against the theory of biogenesis. It is shown that there is a great deal of evidence in favor of the theory of biogenesis, but that there is also a great deal of evidence against it. The evidence in favor of the theory of biogenesis is based on the fact that life has never been found to arise from non-life in a single case. The evidence against the theory of biogenesis is based on the fact that life has been found to arise from non-life in a number of cases.

The fifth part of the paper is devoted to a discussion of the various theories of the origin of life. These theories are divided into two main classes: the theory of spontaneous generation and the theory of biogenesis. The theory of spontaneous generation is the older of the two and is based on the idea that life can arise from non-life. The theory of biogenesis is the newer of the two and is based on the idea that life can only arise from life.

The sixth part of the paper is devoted to a discussion of the evidence for and against the theory of spontaneous generation. It is shown that there is a great deal of evidence in favor of the theory of spontaneous generation, but that there is also a great deal of evidence against it. The evidence in favor of the theory of spontaneous generation is based on the fact that life has been found to arise from non-life in a number of cases. The evidence against the theory of spontaneous generation is based on the fact that life has never been found to arise from non-life in a single case.

The seventh part of the paper is devoted to a discussion of the evidence for and against the theory of biogenesis. It is shown that there is a great deal of evidence in favor of the theory of biogenesis, but that there is also a great deal of evidence against it. The evidence in favor of the theory of biogenesis is based on the fact that life has never been found to arise from non-life in a single case. The evidence against the theory of biogenesis is based on the fact that life has been found to arise from non-life in a number of cases.

The eighth part of the paper is devoted to a discussion of the various theories of the origin of life. These theories are divided into two main classes: the theory of spontaneous generation and the theory of biogenesis. The theory of spontaneous generation is the older of the two and is based on the idea that life can arise from non-life. The theory of biogenesis is the newer of the two and is based on the idea that life can only arise from life.

The ninth part of the paper is devoted to a discussion of the evidence for and against the theory of spontaneous generation. It is shown that there is a great deal of evidence in favor of the theory of spontaneous generation, but that there is also a great deal of evidence against it. The evidence in favor of the theory of spontaneous generation is based on the fact that life has been found to arise from non-life in a number of cases. The evidence against the theory of spontaneous generation is based on the fact that life has never been found to arise from non-life in a single case.

The tenth part of the paper is devoted to a discussion of the evidence for and against the theory of biogenesis. It is shown that there is a great deal of evidence in favor of the theory of biogenesis, but that there is also a great deal of evidence against it. The evidence in favor of the theory of biogenesis is based on the fact that life has never been found to arise from non-life in a single case. The evidence against the theory of biogenesis is based on the fact that life has been found to arise from non-life in a number of cases.

16. Valentino's children--Jacob, William, George, Alexander, John, Wesley, Ann, Elizabeth, Eschael, Susana and Mary, who is Mrs. Nicholas who lived in Chambersburg, perhaps the district attorney's mother or grandmother.

Maryland 1800 Census

We have not corrected obvious errors in spelling of either Christian or surnames, e. g. Bingimon, Cristofer, Micle, Partrick, but have recorded the names exactly as they appeared to us. Be sure to look for all possible spellings of the names you seek.

Unfortunately we were not consistent in our listing of free non-whites. They are entered as they were recorded in the schedules, and for example, Barbarah Free Negress and Biddy are under the B's, but Free Ben is with the F's. Of course, when the free non-white had a surname, the listing is alphabetical for that surname.

 Marie Dorothea Euler was daughter of Conrad Euler. She was born about 1713 in Germany and came to Philadelphia in 1729 with her family.

She married Frederick Henry Gelwicks 10 April 1733 in Providence Pa, and she died 10 April 1790.

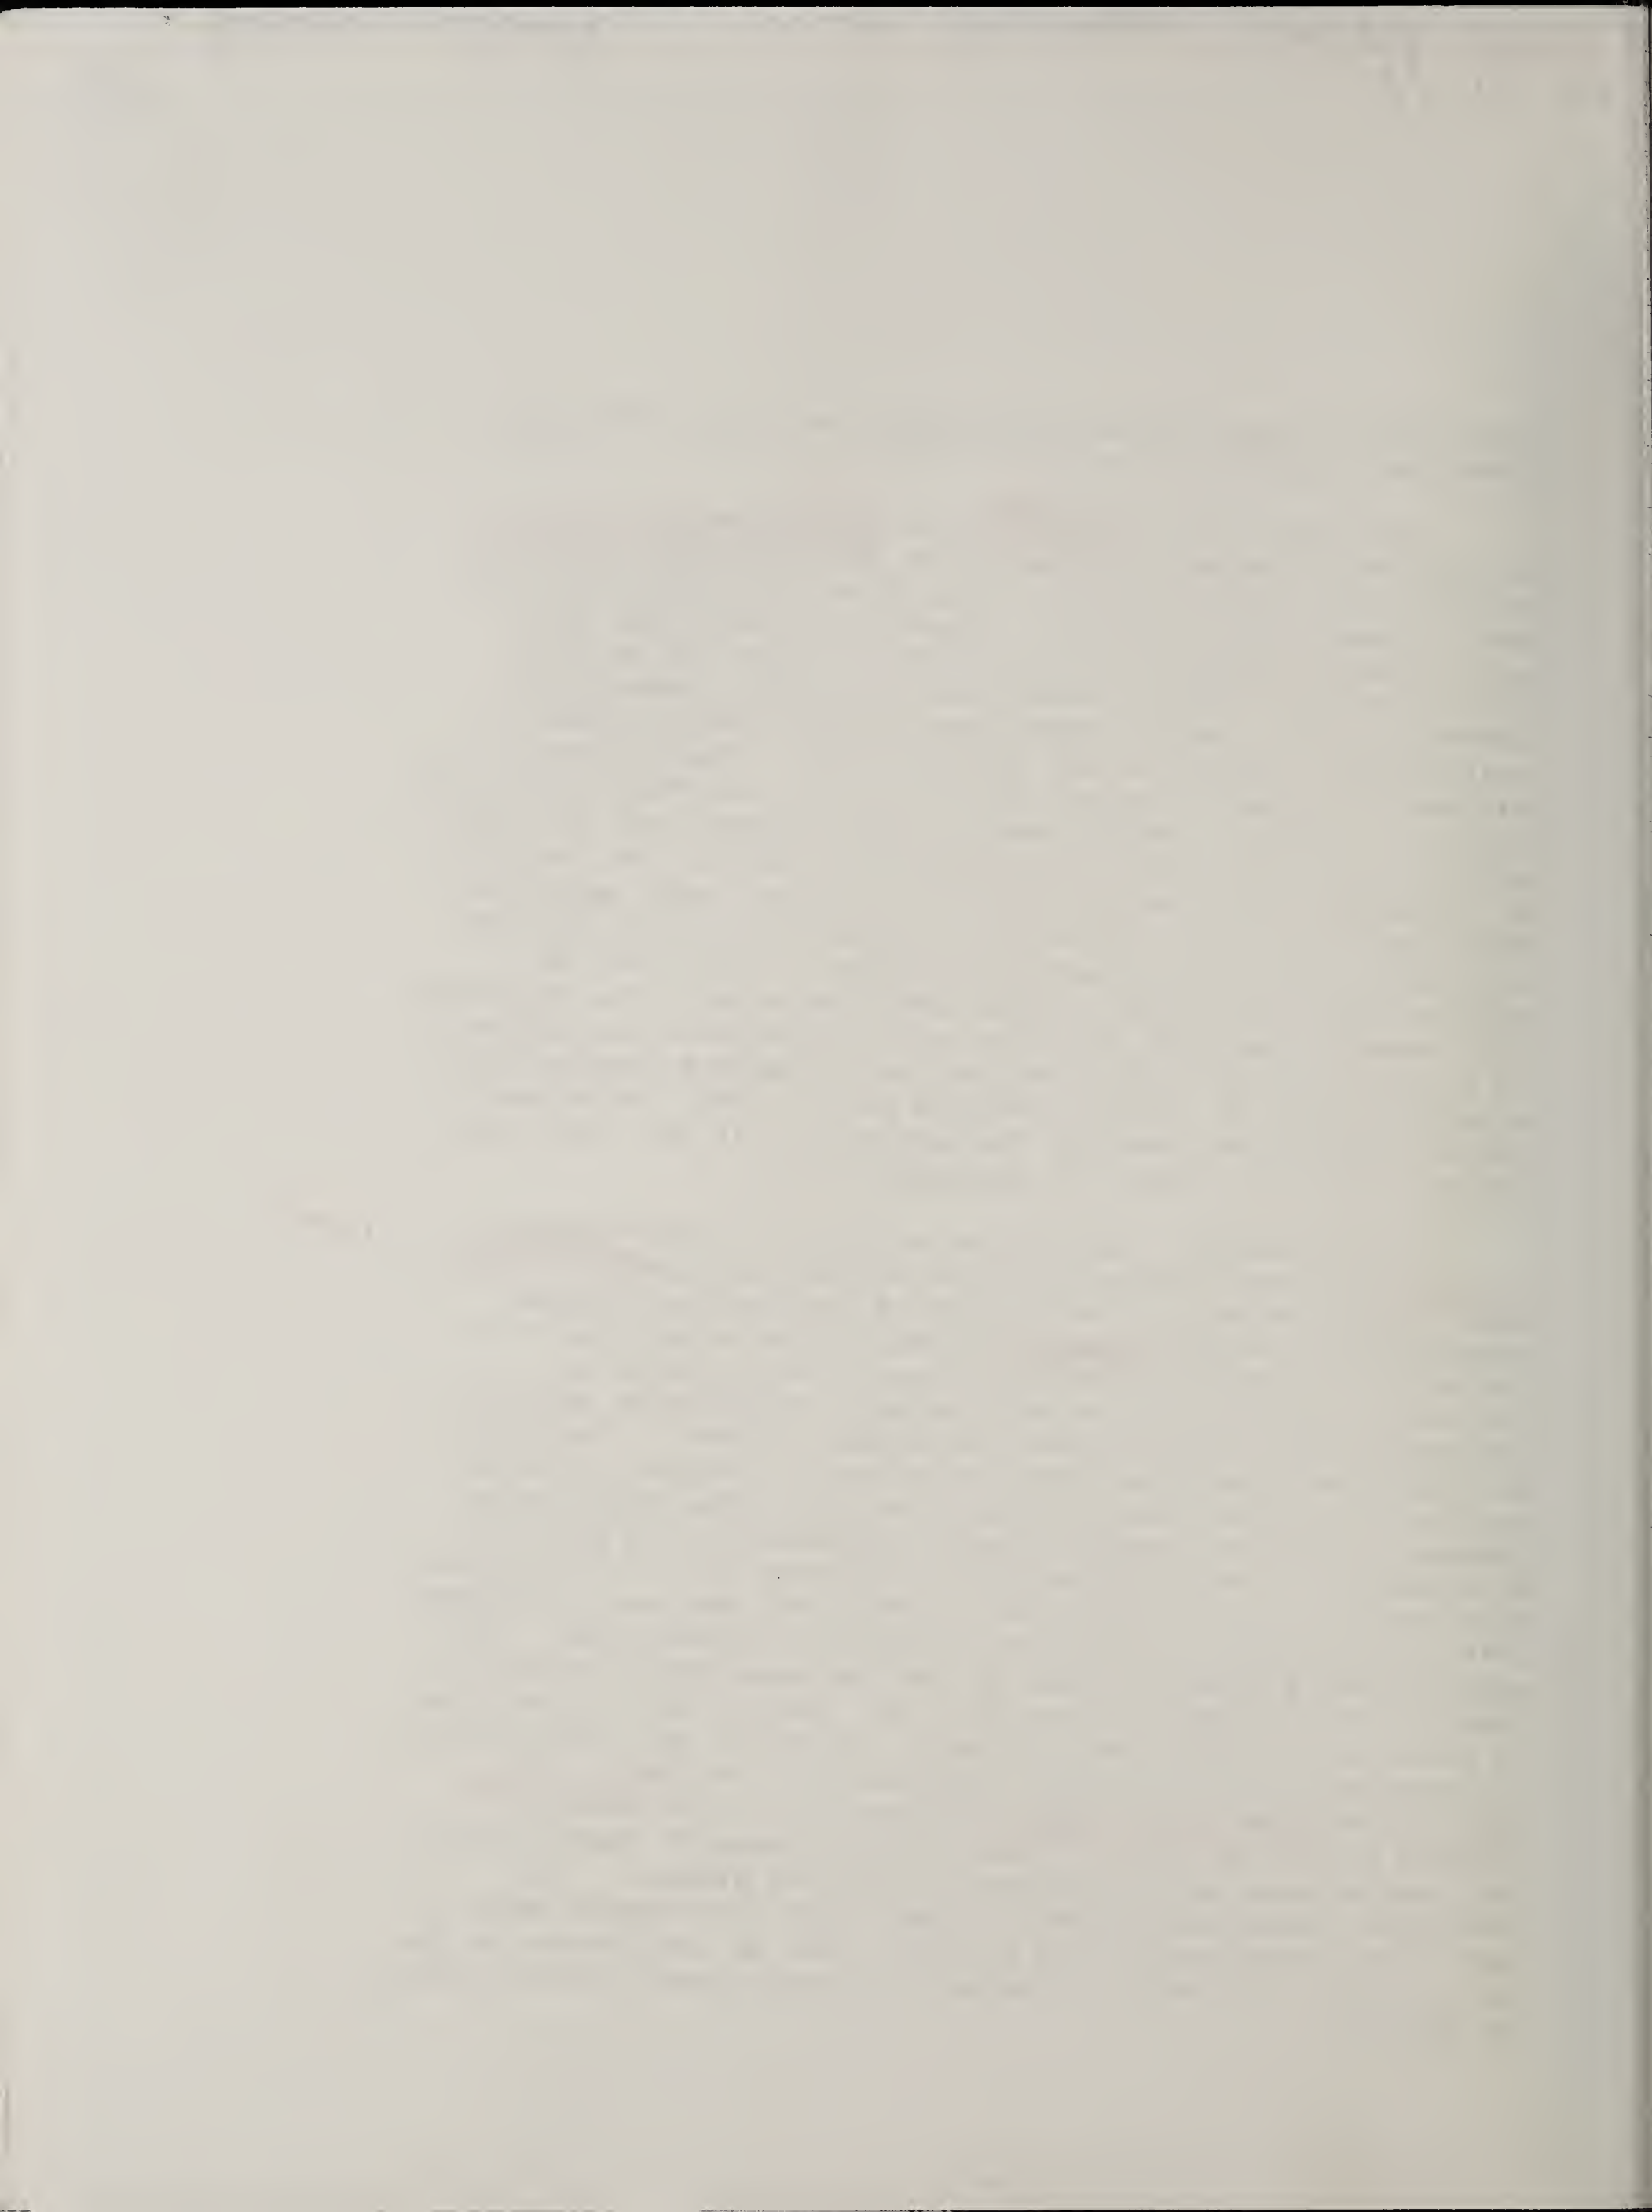

Map shows her husband's farm in Adams or York Pa. He was a distler and a shoemaker. Their children were:

- 6854 Johann Frædrick, born 1 Nov 1733, married Susanna C Grove 6855
 He was in the American Revolution
- 6857 Catharina born 21 Dec 1735
- 6858 Catharina born 11 Dec 1737

- 6872 Johann Nicolaus, born 1752, married Anna Maria 6873

other hand, the exact German pronunciation would have been Oyler, as many other descendants write it today.

The first child of ¹²²⁷Frederick and ¹²²⁶Maria Dorothea Gelwicks was baptized at Trappe in February 1734, but the second, third, and fourth children were baptized at Muddy Creek in northern Lancaster County between 1736 and 1739.⁶ Apparently at least some of the Barnitz family and some of the Euler family spent time at Muddy Creek, as well, but Conrad Euler warranted land in Conewago on October 3, 1738,⁷ and the Barnitz and Gelwicks families also settled there, perhaps in the spring of 1740. Conewago was a settlement in a badly disputed area claimed by both Pennsylvania and Maryland. Leonhardt Barnitz and his sons presently left for York, which was laid out in 1741, but Conrad Euler and his sons settled on his 200-acre tract to which there were no patent deeds until long after Conrad Euler died, about 1751. Beginning in 1763 the heirs sold their rights to the tract to Valentine. Just where the Gelwicks family was living in this time is uncertain, but on 19 May 1752 Frederick warranted 147 1/2 acres on the northeastern border of the Euler land,⁸ and he also held a tract in Manheim Township which he warranted June 8, 1762 and surveyed May 20, 1766, the interest paid to 1 March 1744, possibly the date he took it up. This tract adjoined his first, though not contiguously.⁹

No contemporary record cites an occupation for Frederick Gelwicks other than "yeoman" for this period, but there is a strong clue on the first page of the records of the Conewago Lutheran congregation, of which Frederick was an officer as early as 1743, for in 1744 The Reverend Lars (or Lorenz) Nyberg, pastor in Lancaster, recorded that Frederick Gelwicks "promised to serve the congregation until the preacher from Sweden arrives." The service he would have rendered was probably performing emergency baptisms, reading sermons, and "coordinating" the life of the congregation. Similar service was provided in other situations by the parochial schoolmaster, a calling Gelwicks may well have had. Three baptisms which occurred in August 1745, one in May 1746, and one in September 1748 are entered in the register in Gelwicks's handwriting. They may have been performed by him, but we also know that he entered the names, birth and baptismal records of all his own children and also of those of a neighbor into this book, so that he may have been only the recorder of those in 1745, 1746, and 1748. On June 8, 1762, Gelwicks and Nicholas Bittinger warranted the land on which the Lutheran Church had stood, located on Third Street in Hanover today. This was the same day he warranted a tract for himself. The subsequent, complicated history of the church tract cannot detain us here. He also entered a list of fifty names of contributors to the church land ("Parr land") in Conewago, into the church record, probably in 1764.¹⁰

His account book shows us that Frederick Gelwicks was frequently involved in the affairs of the church, for he had regular dealings with several Lutheran pastors and collected the offerings of members or saw that they were paid. Moreover a number of times he sold people a Namenbuch, the primer, used to teach reading in the Pennsylvania German schools. They may have been left from the time he was teaching.

In 1756 Frederick Gelwicks was elected treasurer of York County, which had been erected in 1749. He was the first German to hold the office, which demanded obviously the ability to read and write and to communicate in English. In the account book there is laid a memorandum to George Stevenson, a prominent early York County official -- register, recorder, prothonotary, clerk of the courts, and chief ranger from 1749 to 1764 -- trying to swap support for Stevenson for sheriff in return for his endorsement of Gelwicks for commissioner in 1765. Nothing came of this attempt apparently.¹¹

Undoubtedly, Gelwicks and his family also farmed the 147 1/2 acres which he patented as "White Oak Level" on 28 August 1761.¹² There are references to farming activities in the account book. These include the harvesting of crops -- a chore in which women and girls also labored -- and the sale of farm-produced commodities. A day's wage for farm work appears to have been about 2 shillings, 6 pence -- about what Gelwicks charged for the labor on a pair of shoes.

Frederick Gelwicks was also a shoemaker. This was undoubtedly a part-time occupation filled in seasons when the farm work was not demanding. As a shoemaker, Gelwicks went to his neighbors to mend old shoes and make new ones. Sometimes the customer provided the leather and other components, but when Gelwicks provided it, the price of women's and children's shoes was less than an adult male's, since the amount of leather used and not the labor invested was the variable in determining the cost. Whereas a man's shoe might cost eight shillings, a woman's would range around 6 and a child's from about 3 to 7. Occasionally Gelwicks made boots and a kind of houseshoe or slipper, especially for women; and tantalizing references to caps and a pocketbook suggest that he was capable of more. Shoes were one item of clothing which the family could not produce itself and they were expensive enough that they were mended and mended again.

Frederick also created a still at the large spring on his farm before 1760, when this account book was opened. Like many other Pennsylvania Germans, Gelwicks learned that grain was worth more in the form of liquor and that it was easily marketable that

70

way. The variety of beverages he produced suggest that he was fairly advanced in his skill -- and the large quantities the neighbors bought are evidence that only the temperance movement of the 1830's partly diminished the drinking of home-made rye whiskey among the Pennsylvania Dutch. Among the purchasers of Gelwicks's product were persons who held tavern licenses and could sell whiskey by the glass, but others purchased for domestic use, such as at house or barn raisings and funerals, and for consumption in the harvest fields. The various beverages are listed in the glossary and defined there. Naturally simple sweet cider cost only a few pence a quart, but Gelwicks's Gassel (a cordial?) was the most expensive item produced at a shilling, 6 pence a quart. Brandy, rye and applejack all cost about 9 or 10 pence a quart.

As has been suggested, account books reveal a great deal about life in the community from which they came. Among others, the Gelwicks account book mentions gambling, lotteries, the use of snuff and fairs -- all of which became sins of one degree or another in the nineteenth century -- the terms of an apprentice and what he cost his master, the fees charged a boarder, the variety of currencies in use, and the sale of six ducks to Pastor Baugher a few days before Christmas in 1768, some of which no doubt ended up on the parsonage table for Christmas dinner that year.

Perhaps the most interesting page in the book is the agreement concluded between Gelwicks and Peter Keplinger in April 1780 renting the farm to Keplinger, who subsequently bought it on 19 August 1780. Schott Scheier are mentioned there, a rare form of grain storage known as barracks in English; as is the Bastert, a colorful Pennsylvania German term for poor, scrubby, wooded pasture.

During the American Revolution, Frederick Gelwicks was a loyal American. With his son Charles he was on the York County Committee of Safety. On 8 November 1779 he was appointed a commissioner to collect arms and accoutrements, blankets, woolen and linsey-woolsey cloth, linens and shoes and stockings for the army from inhabitants who had not signed the oath of allegiance and abjuration or who had aided the enemy. Several sons served in the revolutionary army.¹³

About the time of the Gelwicks-Keplinger lease, Frederick and Maria Dorothea Gelwicks must have moved into Hanover, the town established in 1763 nearby (and mentioned in the account in 1764 as the stadt Hanover), where he purchased a lot on Baltimore Street. His son, Charles had been living there as a shoemaker and later tavern keeper since 1764; and Peter, another son, occupied a house almost directly across York Street from Charles's which his father owned. Frederick Gelwicks died in Hanover on 8 April 1783, his wife

following him on 15 May 1785.¹⁴ They were probably buried in Hanover's only cemetery at the time, that at the German Reformed Church.

Frederick Gelwicks wrote a will on 20 March 1783, stating that he was "aged and sickly," in which he left his widow the right to his dwelling and such furnishings as she desired. Upon her death the entire estate was to be converted to cash and divided among the children, but oldest son John Frederick was to receive in addition, as his primogeniture benefit, the things that had already been given him, all of which are carefully recorded in the records that follow. The executors were his son Nicholas and his son-in-law Philip Meyer.

An inventory was made 5 May 1783, but since neither shoe-making equipment nor the still are mentioned, it is obvious that Frederick Gelwicks was retired. The distillery had been sold to Nicholas, as several references in the accounts below make clear. The widow selected her basic needs, including the Bible and a "litle flowert chest" worth 7/6. Final account in the estate was filed in May 1786. The house and lot in Hanover were sold to George.

Committee of Safety; thereafter in Hagerstown, Maryland.

subsequent contacts with Frederick Gelwicks, we summarize the three children named in his will:

- i. Anna Elisabetha ("Anna Liza") married 17 September 1734, at Muddy Creek Lutheran Church, Lancaster County, Johann Philipp Schutz, son of David Heinrich Schutz, from Bischofsheim "in Erlich."³
- 6862 ii. Elias Daniel, born about 1720, lived at Baltimore, where he was a brewer from 1748 on land his father bought, lot 27, from Charles Carroll of Annapolis, died in 1780, leaving few heirs.
- iii. John George Carl, born 14 August 1722 at "Falkenstein," died 12 October 1796, at York, where he, too, was a brewer. With his wife Anna Barbara Spangler he had a large family, including Daniel (1755-1827), who owned a brewery and tavern on the square in Hanover which his father purchased for him in 1776.⁴

Maria Dorothea Euler, the wife of Frederick Gelwicks, was a daughter of Conrad and Anna Margaretha Euler, who do not seem to be on any ship list. Their family were:⁵

- i. Valentine, 1717-1790, farmer of Manheim Township and later Menallen Township, now in Adams County.
- ii. Jacob, carpenter, of Manheim Township in 1763.
- iii. Anna Barbara, married at Conewago 19 September 1740, Frederick Kreuter, in 1763 of Frederick County, Virginia.
- iv. Elisabeth, married "Lawrence Schepp;" in 1764 on the Atkin River in North Carolina.
- v. Catharina, married at Muddy Creek 9 March 1736, Jacob Verdrigs, i.e., Verdriess, in 1763 of Frederick County, Virginia.
- vi. Maria Dorothea, married Friedrich Henrich Gelwicks.

Like the Bernitz family, the Eulers were Lutheran. The name was pronounced in the dialect with a long i sound, and as a result some descendants have written it Eiler or Eyler. On the

- 6864 vi. Eva Dorothea, 9 February 1743-16 August 1792, married Philip Meyer (_____ - _____ 1800), joiner and innkeeper in Hanover.
- 6866 vii. George Peter, 16 November 1746 (also given as 12 January 1756!) - 2 July 1830, married 1) Margaretha or Mary; 2) 15 January 1785 Anna Swisher. Taxed in Hanover, 1783-1787.
- 6869 viii. Johannes, 16 September 1747 - d.y.
- 6878 ix. Johann Georg, 11 September 1750 - 1 September 1816, married Elisabeth. Brewer in Hanover, 1789 - c. 1795; later lived in McSherrystown, Adams County.
- 6872 x. Johann Nicolaus, _____ 1752 - _____. Married September 1780 Anna Maria. U. S. Revolution; Sheriff of York County, 1798-1801; Tavernkeeper in Hanover, 1782. President, Hanover-Baltimore Turnpike Company, ca. 1810-1815.15

Frederick Gelwicks's accounts are in a book 31 1/2 cm by 19 cm, which now contains 105 pages (numbered in square brackets below), although some others have obviously been cut out at one time or another. The book was intended for use by the son George Carl (Charles), for whom its title page was lettered, probably by a local scrivener in 1760, but the reverse of the title page says "Friederich Gelwicks's writing book," and the remainder seems to be in his hand except for a few entries in another, which (to judge from the signatures of the heirs in the book) is in fact Charles's. The book came into the possession of Henry Wirt, a local historian in Hanover, who was a descendant of Charles through his first marriage. Henry Wirt's wife was a Forney, and upon her death this (and many other valuable documents) were taken to the barn of the Forney house on Frederick Street in Hanover, where G. Benjamin and Helen Forney Howells found it many years later. Mrs. Howells has very kindly brought the book to our attention, allowed copies of it to be made, and now given permission for its publication.

Vallenthin Eiler (Euler, Oyler)

(14 December 1717-10, April 1790) was a son of Conrad Euler, and therefore a brother-in-law of Frederick Gelwicks. He purchased his father's farm (or more accurately the rights to it) from the other heirs and apparently lived on part of it until about 1776, when he moved to the neighborhood of Arendtsville in Adams County and turned part of the farm over to his son Johannes and sold the rest to Christian Herr. His first wife was Apollonia, but his will identifies a wife Susanna, who may have been the mother of some of his children. There is a reference to whiskey "for the funeral" in Valentine's account, in January 1762, which may have been for Apollonia's burial, although he did have a wife mentioned in September. His children:

John, 1746-1806
Magdalena, 1747, married John Etzler
Frederick, wagonmaker in Hanover
Margaretha, 1752. Not in will
Valentine
Jacob, 1756-1807, married Barbara Arndt,
1763-1839
Elias Daniel, 1758-d.y.
Eva, not in will
Catharina, 1764-1837, married Peter Arndt,
1756-1836
Mary, 1767-1851, married Peter Keckler,
1765-1852
Christina, married Peter Lind
Susanna

Nicklas Emig

arrived with his father Hans and mother Dorothea on the John and William, 17 October 1732, together with Johannes and Jacob (S-H, I 102). He lived at Lancaster, where he and wife Eva had children

Dear Monna:

I was very glad to get your letter, and have enclosed my family group sheet as to how I go back to the Oyster family. I have also enclosed another family group sheet of an Older (Oyle) family that I go back to, but have not been able to tie it into Conrad's line. I have much information on the descendants on my line back to Conrad, will be glad to enclose information on any of my family.

Sincerely

Harold Ditzel

baptized at the First Reformed Church, but was taxed at Manheim Township in 1772. In 1783 he was listed as a nailer, there. In 1795 he was on the Germany Township, now Adams County, list.

Peter Erhart

arrived with a Dietrich Erhart on the Phoenix, August 28, 1750 (S-H, I, 440). He is on the Paradise Township tax lists in 1762 and 1769, but must have moved away.

David Franck

(d. 1785) was a passenger on the Shirley with George Blintzinger in 1751 (S-H, I, 454). He resided in Manheim Township. Upon the death of his wife Annamary, his estate was to go to a friend, Michael Carl, whom see, since there were no children.

Hannes Gerber (Garber, Carver)

(d. c. 1805) was probably a son of Nicholas Gerber who bought 100 acres adjoining Gelwicks's farm from John Stinchcomb in 1744. His children named in his estate papers:

Anna, married Henry Boyer
Christian

John

Elisabeth, married Peter Schultz (but she must have married a Bucher first, because her first son Adam Bucher is named in the will)

Nicholas

Magdalena, married Godlieb Himman

Mary, married John Boyer

Samuel

Barbara, married John Reier

Joel Wright, Early Quaker School Master

Joel Wright was the schoolmaster of the Friends School at Pipe Creek Settlement during the last 30 years of the 18th century. His services were sought for land measurement and the location of boundaries when the school was not in session. The village of Petersburg, Pa. has been given as the place of his birth but another source gives Gettysburg.

When the surveyors Jeremiah Dixon and Charles Mason appeared in the vicinity to determine the Pennsylvania-Maryland boundary, Joel was entering his teens. It was August 1764, when the "Stargazers" as Mason and Dixon called themselves were nearby. Their journal states that they crossed Piney Run, a tributary of the Monocacy which empties into the great River Potowmack —. On August 8th, they recorded that "— a great storm of Thunder, Lightning, Hail with intermixt pieces of Ice came."

Jeremiah Dixon was a Friend and Joel Wright's parents were also Quakers. The Wrights home would have been open to the strangers from England and possibly Dixon stayed with them as he traveled through this area. As a youngster, Joel had shown an aptitude for figures and his parents had encouraged his efforts. The appearance of the eminent mathematicians may have given the boy the required inspiration to place his feet on the road to his future vocation.

At Pipe Creek Settlement in 1771 there were but four houses within easy reach of the new Meetinghouse. A tribe of Indians had at one time maintained a semi-permanent place of abode near the Little Pipe Creek, in the valley. After the signing of the Treaty of Lancaster on July 4, 1744, they had migrated to the Ohio Country.

It was decided to open a school in 1771, in Pipe Creek, under the supervision of the Friends. Joel Wright was chosen to be the headmaster. About this time, Joel met and married Elizabeth Farquhar, one of the daughters of William and Ann Farquhar, the pioneer settlers of the 1730's.

The Friends School of Pipe Creek Settlement acquired an excellent reputation and children were sent from Fredericktown, Westminster and Taneytown. They boarded with the Wright's or in neighboring homes.

Joel's sagacity was recognized in 1774 when he was appointed Clerk of the Meeting. In 1776, the new administration in Annapolis appointed him a justice of the peace. During this period in Maryland history a justice of the peace functioned as a local judge and the person to whom the people nearby looked to for guidance, especially when the advice needed concerned the new state and its functions. One case history can be retold here for its general interest. The brothers Valentine and Jacob Eyler of Pipe Creek would not sign the document sent around among the people requesting them to affirm or swear allegiance to the State of Maryland. They were sentenced to a term in jail in Fredericktown. The county court then levied a fine. By 1780-81, the authorities began appropriating the property owned by the brothers. A treaty ending the war was signed and still they held out, stating that the request was an infringement upon their rights as free men. Finally, they decided to move to upper Canada. The Archives of the Province of Ontario possess the document:

Valentine Eyler produced a certificate drawn up in Frederick County, Maryland and signed by Joel Wright and 15 others, neighbors of Eyler, stating ... 'that his general character had not that we know of, been charged with anything unfavorable, except his Attachment in the British Interest in the late war, for which he suffered imprisonment and had his estate confiscated'

Remote settlements of Quakers were visited by both Joel and Elizabeth Wright during the years following the War of Independence. As a recorded minister she "traveled in the ministry." Journeys required careful planning because of the hazards to be met with in unknown country. One day's journey on horseback, during this period might be 20 miles. With good conditions, 30 miles per day might, on occasion, be achieved. On a typical journey, one to western Pennsylvania for example, careful planning was necessary so that the end of the day would find them near hospitable shelter. A tradition about Elizabeth Wright's travels concerns the many sugar maple trees to be seen around Union Bridge. The original seedlings were brought back by Elizabeth Wright in her saddlebags from a trip to the Redstone settlement in the far west of Pennsylvania.

During the summer of 1788, Wright made his first extended journey into what was then referred to as Northwest Territory. By the late 1780's, many white people were venturing into the territory. The tribes became uneasy and eventually warfare with the United States took place. Joel Wright went to study conditions and returned with a report to the Baltimore Yearly Meeting of Friends. During the next decade, several more trips westward to the Ohio country were made. He examined the valleys of the Little Miami, Great Miami, Scioto and Muskingum. In 1798, he led a small group of concerned persons to meet with leaders of the Wyandot Indians, and advise them, for their future welfare. This journey and visit to the Wyandot tribe was made under the auspices of Baltimore Yearly Meeting of the Society of Friends.

A lad named John Elgar attended the Pipe Creek School during the 1790's. Fifty years later, he wrote about his boyhood. His brief autobiography ends with the following:

"...and in no spot have I seen, though I have traveled far and long, is she so lovely as mid the hills and valleys and streams of Pike Creek...

I have received 2 letters from Carol Usa of PO Box 66, Somers Wis 53171. She was referred to me by her cousin Kenneth Gaher, Carol is a descendant of Jacob Iler, Eyler Oyler, son of our immigrant Conrad. Jacob was brother of my ancestor Valentine.

Her line goes as follows:

Conrad Euler 1690-1751

Jacob Iler 1718-ca 1770

Conrad Iler Sr 1749-1816

Conrad Iler Jr 1779-1850 888

Mary Ellen Iler Engle Thunhorst 1835-1900 7015

Peter Cornelius Thunhorst 1873-1928 7032

Chester Leonard Thunhorst 1902-1976 7035

Carol Ann Thunhorst Usa 1938- 7037

One of Carol's letters dated March 15, 1985 reads as follows:

Dear Mr Oyler: Sorry I've taken so long to answer your letter of the 7th of ~~November~~ February. My daughter was married February 16 and my mother inlaw has been bery ill, so we've been busy and I haven't had much time letely to think about Genealogy.

I'd be glad to exchange info. Please tell me about Kenneth had sent you so I don't recopy the same info. Mary Ellen Iler Engel Thunhorst was my great grandmother. I can send you the line from John Henry Thunhorst, her husband to me if you like. I'm still trying to piece together the Iler infor that Kenneth sent me but c an send what I have gleaved from it so far.

Did Kaeneth give you info on her childr en from David Engle? I have it also. I had been unable to find anything on Mary Ellen Iler for a long time until Kenneth found me, I am really appreciative for his help and the contacts through the Montgomery Co Gen, Soc. of which I am a charter member.

How are you related? Please send your line, I'm interested to see it. Was your family around to know the Thurnhorsts? I was born 1938 in Racine Wis after my father moved North off the farm in Montgonery Co. Rountree Twp near St John's Lutheran church on Witt Rd. Do you live near the county line(Montgomery and Christian) I'll ge looking forward you your letter.

(I wrote her on 3/20/85 and sent my own line showing that we connect back early, as our twoancestors Jacob born 1718 and Valentine born 1722 were brothers)

Her letter to me on April 11, 1985 reads:

Dear Mr Oyler: Received your letter and history. Here are family group sheets to John Henry Thunhorst my graat grandfather. As you can see I have my great grandmother, Mary Ellen born 10 April 1838, Obits. and gravestone says the same. She may have changed the year of her virth to be younger. as women do, but I believe April is the real nonth of her birth. Kenneth has a type written letter from the minister of Rocky Hill, now Grace Church but I believe the ink may have faded on the original records which would explain the difference.

MaryEllen's gravestone is behind David Engles'z one row and to the left. We are hoping to have David's stone raised by now, its is shaped like so (she draws a picture of the stone) John Henry Thunforst is on front, Mary Ellen on left side and his second wife on the right side.

I'm enclosing a picture of a picture I have on mywall. It was in terrible shape along with many others, all out of their fromes and dirty I guess I should be grateful I have them at all.

Can you tell me what relatives were in Christian Co at the time Mary Ellen was living in the area? I know of your grandfather and his brother in 1873. Do you suppose they were aware of Ma ry Ellens and possibly other relatives around Harvel?

Thank you for you information, write anytime. Sincerely
Carol Thunhorst^Eusa.

PS The Thunhorsts were all farmers. My great uncle Bills son Donald Thunhorst is still farming out of Harvel and y 1st Cousin Melva Thunforst Smith is in Raymond(hogs). Peter Thunhorst's children all left the farm when grown, my father coming to Racine s is in 1920 for work and stayed. Carol

Dear Mr. Oyler,

I am an amateur genealogist who has been researching my ancestors for over 15 years. I have traced the following line of descent: Conrad Oellen/Oller - Jacob Euler/Oyler - Conrad Oller (Sr.) - Conrad Oller (Jr.) - Mary Ellen Oller Engle - Mary Jane Engle Hansen (Johnson) - Etta Martha Johnson Gehner - Victor Gehner - me.

So, Conrad Oellen/Oller was my 6th great grandfather. I have been in contact with Mrs. Cleo Hilchrist, author of Five Generations of Mormonism, and she has informed me that you are doing research on the German origins of the Euler family from Maar, Lauterbach, Hessen.

I am interested in learning as much as possible about the German history of the Euler family. In particular, I would like to get copies of any parish records, land records, etc. relating to this family. I am willing to pay normal copying charges for this material. Also,

have you learned when Conrad Euler, the immigrant, joined the Alexander Mack group which became the German Baptist Church in America? Is there any evidence that the Euler family originally came from Switzerland, as there was a very famous Swiss mathematician named Euler? What is the history and origin of the Euler coat-of-arms (Wappen)? Any and all information would be greatly appreciated. I am willing to share any of my information, if you are interested.

I enclose a stamped, self-addressed envelop for your reply. Thank you for your assistance.

Sincerely,
Kenneth Lehner

VALENTINE OYLER

came from Canada to Ohio in 1796, was a Tory, and had to leave his native State, Maryland, during Revolutionary war and fly to the English dominions. We find that in the tax duplicate for the year 1798, of Dayton Township, VALENTINE DYLER's name appears as the miller of Daniel C. Cooper. So it is evident that he was here ^{1745 YORK CO PA DIED 1813 DAYTON OH} at an earlier date. He finally settled in Section 21, on the "Woodman farm", and raised a family. He was the grandfather of D. W. Pottle, and his youngest son, Samuel, died near Hagerstown, Ind., in 1875.

These facts came from some papers left by Peter Lemon, who had collected material with a view of writing a history of Mad River Twp.

Her brothers Samuel and Jacob and sister Ann, Mrs. Richard Herrington, were present. The Essex Baptist Choir sang, and all those present sang "God be with You Till We Meet Again". "Granny Arner" rode ten miles home and was up again at 4:30 a. m. She died Thursday morning about 2:00 a. m., Dec. 17, 1896. Other birthday parties were held on the John Arner and Solomon Iler II farms. Rev. W. A. Johnson had the funeral sermon. He also married Edgar and Winnie Iler, Oct. 5, 1897. I did find my name listed in this book also. These names are in the United States only. My early ancestor, Conrad Eiler, came to America on the Ship Allen in 1729, landing in Philadelphia, PA. sent a similar note out last year when we went to Washington, Oregon and California, and I met fifteen Ilers. I would like to extend this invitation to you to come and hear the glee club and then the opportunity to meet personally. Who knows, we may just be "cousins".

was born in Highland Park, Michigan, and my father, E. Bruce Iler, lives in Royal Oak, MI. My brother Ronald and his wife, Thelma, live in Richland, WA; I have a sister Ruth in Royal Oak, MI; and another sister, Nola Polk, living in Dryden, MI.

Dear Mr. Oyler,

Your letter of April 10, 1982 that you addressed to me went to my sister's address in Royal Oak, Michigan. I am not sure how you got that address, but it was sent to me and I will try to answer it. Sorry it has taken so long.

I met Earl Oyler, a music teacher, from Taylorville, Illinois. He came to our concert in Pana, Illinois. I see that we are related so I should call you "Cousin".

The Conrad Iler came over on the Ship Allen in 1729 and landed in Pennsylvania. I have a copy of that list in the Iler Book that Dr. John S. Eilar of Albuquerque, New Mexico had published. Enclosed is my listing of the family. I am the ninth generation in this country and five generations are buried within three blocks at the place Jacob Iler settled in 1808, now Harrow, Ontario, Canada. There are about 30 different ways to spell our name and this makes it difficult, like many others, to do research in some areas.

I appreciated your writing and thanks for the information you sent. Earl wrote out some information for me too.

My glee club has sung in Decatur in the past also.

Thank you again for writing.

Sincerely,

Dear Cousins,

It was great meeting you when the Moody Men's Glee Club sang in your church on Friday, January 13, 1984. I was only sorry we did not have more time to talk and then having Earl and his wife there too. I would like to get together with you sometime and Earl, if this could be arranged - perhaps a Saturday.

I retyped up the page and revised it as my Great, Great Grandfather Solomon Iler was not on your list and I may have made the mistake myself.

I was greatly interested in the information you left for me with Jim Sweeney. Thanks so much.

Delighted to know you enjoyed our glee club concert along with your friends, Mr. and Mrs. Jack North. If he does do any arranging or writing for male voices, I would be most interested in knowing.

I wish I had more time to work on the family tree, but my work here at Moody, and then I'm Church Historian at my church, Salem Baptist in Orland Park, Illinois (Our 100th anniversary is October 10, 1985 and I'm on that committee as well as the one here at Moody when our 100th is in 1986, a year later. Then during the summer I help my Dad at the trailer/camping park in Harrow, Ontario from June - October, going on weekends, and then taking a week here and there to be there to help in all the jobs involved. Harrow is just 28 miles south of Windsor-Detroit border, 50 miles from where my Dad and his wife live in Royal Oak, Michigan. They just celebrated their 13th wedding anniversary January 1st. My Mother died August 9, 1969.

Looking forward to being with you. I will try to bring enough materials to enlighten you on my work and the area where Jacob Iler settled in 1808.

I have information where there was a Dwight Moody Eiler down in the Tower Hill, Illinois area and I've been trying to find out why he had this name - his parents could have known Moody or accepted the Lord during his evangelistic ministries. Who knows? I would like to know anyway.

There are four of us in our family:

My older sister, Nola Jean, Mrs. L. Russell Polk, lives in Dryden, Michigan. She had three boys and a girl and they are all married living in Rochester, Ortonville and Lapper, Michigan.

My brother, Ronald Bruce, is married to Thelma Sweetland, and they have two daughters, both nurses, and they have three children, Shari, who lives in Portland, Oregon, and Bonnie, Mrs. Gilbert N. Branson, 2 girls, living in San Leandro, CA. Shari and her husband, Rev. D. Larry Rydman, are the ones in Portland. He pastors the Oak Grove Baptist.

My sister Ruth Earlene Iler, is not married and lives in Royal Oak, Michigan, just a mile from my folks.

Dad will be 87 in July - 25th - and he is an amazing person - runs the place and could run circles around anyone - including myself.

This coming April I will be here 23 years. It hardly seems possible. But I do enjoy my work here and with the glee club.

Sorry to have been so wordie at this time.

I often think I should put in writing an article about myself for the historical records too. My Dad began writing things this Christmas time about his first Christmas, he has a fire engine that still runs that he got when he was 11 or 12; and he remembers seeing his first car, talking over the first phone in that area, etc., etc.

My Grandmother Iler, Winnie Wright, Mrs. Edgar Iler, never heard a word spoken in German by the Ilers. A Great Grandmother on her side of the family, Mrs. Leonard Scratch (Sophia Agley) did on one occasion when the funeral hearse was going by and she said something in German.

Here it is near the end.....so I'll sign off.

Sincerely,

Robert L. Iler, Assistant to the Director and Concert Manager
Conductor, Moody Men's Glee Club

Mr. W. Monroe Oyler
315 Cambridge Drive
Decatur, Illinois 62526

Dear Monroe,

Sorry to be so late in responding but I have been terribly busy and just didn't have time to get at it.

I've enclosed some photocopies of Dr. John S. Eilar's book and these are the only dates I have and you can glean what you need from them.

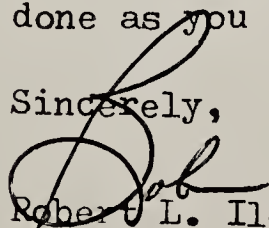

Didn't realize there were so many reunions going on with the Ilers/Oylers/Etc. I attended a Jones Reunion in Grafton, WV in August. He was born the same year George Washington was (1732). His daughter and son were captured by the Wyandot Indians when she was 13 and he was 11. She was a prisoner for 10 years and her brother escaped after 5 years. She, Mary Jones, was my GGG Grandmother. Her granddaughter married my Great Grandfather Solomon Iler, Elizabeth Malott. Mary got to Detroit, Married Lt. Peter Malott, settled in Kingsville, Ontario in 1798 (Ilers were there in 1808) and in 1817 after Peter died, she and her young son, Peter who was 13, took a boat across Lake Erie to Sandusky, Ohio and walked the Indians Trails back to her home and saw her parents for the first in 40 years. She stayed a couple of months and walked back again. She began walking May 29 and arrived June 16, and that is quite a jaunt - no motels, restaurants, wilderness, mountains, streams, wow, that is really something. It was the first reunion in 71 years of this family. She and her husband are buried 7 miles from my Dad's place in Harrow, Ontario, where the Ilers settled in 1808.

I think I mentioned I have Kevin Slot in my glee club and he is from Decatur, Illinois.

Hope the enclosed information will be helpful to you.

Haven't heard from Earl in Taylorville. I sent him some information and a letter I got from an Eyler in Houghton, New York. He was going to send me some things too. He no doubt is just as busy as the rest of us - and it is difficult to get things done as you would like. I know.

Sincerely,

Robert L. Iler

Valentine Oyler son of Conrad and Margaret, the youngest child was born in 1722 in Germany as shown by the previous deposition made about 1746, stayed at home with his father in York Co, and after Conrad's death in 1751, started to buy his brothers and sisters shares as I have shown in the previous pages. He was married twice, the first time to Apollina we do not know her maiden name, she is the mother of most of his children. After Apollina's death, Valentine married Susanna again we do not know the maiden name.

Valentine had 11 children, of which Valentine born in 1754 my ancestor line comes from.

Valentine died in 1790 and we are showing a copy of portion of his will has provided us by a relative several years ago. The will is written here as a copy of the original.

I am also enclosing a family group sheet on the Valentine Oyler family as completed by Mrs Leslie Norman Schorn a relative from Tulsa Okla, as she has some on Valentine 11 family who was son of Valentine 1

Valentine Oyler II born in York Co Pa in 1758 group sheet is next attached. Valentine married Mary "Molly" Arndt, daughter of Jacob Arndt, and we are enclosing Jacob's will and his family group sheet.

In Jacob Arndt's will he names Valentine Oyler the 2nd as his son in law.

Valentine #2 and Mary Molly Arndt were probably married about 1779 or 1780 as their first son John was born in Pa in 1781, from that point he moved to Frederick Co Maryland, where, the census records of 1850 and 1860 in Marion Co Tenn show that my great-great grandfather Frederick was born about 1785 (attached is a map showing where we think Valentine 1 might have lived in Maryland).

Valentine and Mary Molly moved to Franklin Co Virginia about 1788, as we have records attached showing his purchase of land on Gills Creek in 1789 from Skelton Taylor (I am attaching copy of the land sale)

I and my cousin from Taylorville Ill Earl Oyler were in Franklin Co Virginia about 1979 and we took pictures of what is the remains of Valentine's Oyler home built out of brick about late 1780 or early 1790, we also took picture of the tombstone of John Oyler on his farm, and the old mill he used to operate.

Shown is copy of Valentine Oyler's will made in 1825 and copy of the distribution of his property to his wife Mary and children. Mary died in 1833. they had 11 children.

I am enclosing a map of Franklin Co Virginia, which is the county just south of Roanoke. General Jubal Early of the confederate army was born here as well as Booker T Washington.

Also enclosed are names of some of the Oylers married in this county, including my great-great grandparents Frederick and Nancy Cochran Oyler in 1808.

Genealogical Sketches Of Christian County

The great Gettysburg reunion

By WILDA Q. COOPER
Breeze-Courier writer

The June 25, 1913, edition of the 'Daily Courier' gives an account of the nine Civil War soldiers of Christian County, planning to attend the 50th reunion of the battle of Gettysburg.

County Clerk Henry J. Burke this morning received nine different checks for \$10 each from Brig.-Gen. F. S. Dickson, of Springfield, which will be turned over to the nine old soldiers who will attend the battle of Gettysburg reunion at Gettysburg.

This \$10 is for spending money, and does not include car fare and berths in Pullman sleepers, which are also furnished free.

Below we give a sample of one of the checks, which is as follows:

Springfield, Ill. June 28, '13, Springfield Marine Bank, Pay to County Clerk of Christian County or order \$10. Moses R. Witzel, Participant, Battle of Gettysburg, Stonington, Ill.

Signed—F. S. Dickson, Brig.-Gen., The Adjutant General, Chief of Staff.

The following are the names of the nine who will each receive one of the \$10 checks:

Moses R. Wetzels, of Stonington; George W. Tarrant, of Owaneco; Peter Scheib, of Stonington; E. R. White of Taylorville; W. H. Kaup, of Taylorville; Wm. Gribbett, of Pana; James M. Oyler, of Taylorville, Smith Oyler, of Taylorville and August Trumper, of Pana.

All leave here, Friday morning on the B. & O. for the big reunion on the Gettysburg battlefield, which will be held there all next week. They have been informed that after they reach Cincinnati a Pullman sleeper will be furnished them for the balance of the journey. Some of them wore the blue and some the grey during that memorable conflict. The state of Illinois, Pennsylvania and Uncle Sam together have extended both the boys

who wore the blue and the gray an invitation to attend this great reunion, which may be the last one on earth, as the majority of them are now aged men, and old Father Time is liable to call them to the great beyond most any time.

Illinois will pay their car fare there and back and furnish each one \$10 for incidental expenses. Pennsylvania will feed them for one week, and Uncle Sam will furnish tents and cots for them to sleep on.

The first meals will be served next Sunday morning and the last one the following Sunday morning at the big camp.

It will be fifty years next Tuesday since the great three-days battle began at Gettysburg, and it has been that long since the Christian county veterans last saw the battlefield.

Every hotel is booked to capacity. The largest in the town is the Eagle Hotel, which is the hub of Gettysburg. This hotel has a normal capacity of 400 persons. Every nook and corner of it has been reserved for the week. Two Philadelphians formerly of the Belvue-Stratford of Philadelphia have just purchased the Eagle. These experienced men have coped with all sorts of crowds in Philadelphia, and they are making great preparations to house all they can, and feel they will be able to put 800 in their hotel. They are remodeling the building so there will be comforts not before afforded in the hotel life of the town. They are installing fifty private baths and making other improvements. Seven famous old heroes will stop at the Eagle. There are two other hotels in Gettysburg.

The fact that many of the Gettysburg battle veterans will not be able to leave their homes because of advanced age or illness will present many pathetic incidents. Men who are not able to take care of themselves are discouraged in their at-

tempts to make the trip.

Gettysburg was founded by John Getty in 1780. Many clearly visible signs of the war struggle remain. An old fence carefully preserved shows hundreds of bullet holes where riflemen took pot shots at each other. The side of an historical house displays a big solid cannon ball sticking in the brickwork, just where it struck hot from a Confederate gun. Houses everywhere retain the old shutters punctured with many shot, and door frames innumerable show the scars of many minie balls. The Gettysburg of today has not changed so very much. The town has grown larger. Handsome new buildings have sprung up. The hum of machinery in many factories and mills speaks prosperity. But there is too much of the sacredly historic to permit of complete evolution.

Mr. Darrell Oyler Hamilton of Taylorville is a grandson of Smith Oyler mentioned in the article above. Smith Oyler was born in Alabama, October 12, 1840. He joined the Confederate Army and was attached to the command of General 'Stonewall' Jackson. Toward the end of the conflict he was taken prisoner and after a period of time was given free transportation to Illinois by General Grant. He first settled in Buckhart Township. He served for his brother who joined him about a year later.

Correction

In the article about Horseshoe Prairie in the May 9, 1986 issue of the Breeze Courier, it was stated that the Angletons were descendants of the Youngs and Angletons. It should have read that the Angletons were descendants of the Angletons and Mangers.

Did you know—that Taylorville is celebrating its' 143 birthday today, May 24, 1986?

Confederate Service:

My great-uncle, James M. Oyler, lived on the line of two counties, DeKalb Co. Ala., and Dade County Georgia. When the War between the States began, he joined the Confederate States Army with Georgia Troops, enlisting in Dade County Georgia in July 1861. His record of service with the D.S.A. during the four years is one of loyalty and devotion and he was with General Lee and surrendered by him at Appomattox Court House, Virginia April 9, 1865, parole.

Grandmother died before I was born, and I have no way of knowing what the middle initial, M, stands for in my great-uncle's name. Family records show it as James M. Oyler and prove the correct lineage-as her brother, but do not show date of his birth or death.

WREATHA NATTERMAN RETIRES HER

(Photo by Virginia Cowell.)

Wreatha Natterman retires after 64 years in business

by DENISE ORR
Breeze-Courier writer

Mrs. Ernest (Wreatha) Natterman, well-known resident of this city, has announced her retirement.

Mrs. Natterman has been in business since 1922 where she started her beauty salon in January of 1922. The Blue Bird Beauty Salon, shared with a barber, was located on South Main Cross. Her salon created a good reputation. Mrs. Natterman remembered her first client, Mrs. Demming, Mrs. Nell Glover, Fern Ward and Mrs. Durr. From then on these women were her life-long clients.

In 1924 the Blue Bird Beauty Salon moved to South Washington and Mrs. Natterman changed the salon name to Wreatha's Harper-Method Beauty Salon.

In 1935, Wreath's Harper-Method Beauty Salon moved for its final location in Mrs. Natterman's home on 905 West Poplar. There her salon opened early and closed sometimes in late evening. 'My Salon was a very lively salon!' Mrs. Natterman's daughter, Nancy, worked in the salon with her mother for 25 five years. Mrs. Natterman has loved her profession. She has

had 'loyal, life-long clients'. Mrs. Natterman's salon has had the privilege of a write-up in the Christian County Historical Book.

Mrs. Natterman was born in 1902 in Taylorville to William and Ada May (Oyler) Poor. She met her husband-to-be, Ernest Natterman, and the couple were married September 6, 1925 in the home of Mr. and Mrs. John Hauer of Springfield. The ceremony was performed by the Reverend John Thor of Springfield and they were attended by Mrs. Emily Poor and the late Earl Poor. Mr. Natterman owned and operated Natterman's Service Station for approximately 50 years. Mr. Natterman passed away on January 10, 1978.

Mrs. Natterman is the mother of one daughter, Mrs. Ronald (Nancy) Nothdurft. She also has three grandchildren, Steve, age 25, attends DePaul University in Chicago; Susie, age 22, is a graduate of Lincoln Land Community College in Springfield; and Scott, age 18, attends Southern Illinois University.

On Valentine (your ancestor) I have he marr. Appolonia Galewitz/Gelwick.

My ancestor Conrad Oyler (spelled Euler in German), and his family came from Germany in September 1729 with a ship load of members of the Brethren church, the first pastor Alexander Mack was one of the passengers. They landed at Philadelphia Pa. and moved to York County Pa, near Hanover close to the Maryland line. Conrad died in 1751 as the Penn Archives records show, and his youngest son (our ancestor) who apparently was living on the farm started buying his brother, and sisters interest, this again is part of the early colonial records.

1277

The purchase started in the early 1760s. Valentine had a son that we refer to as Valentine #2 who was born in that county about 1754, he married Mary Molly Arndt, close to 1780, they had one or two children in Penn. then moved to Frederick Co Md, just South of their home in Penn. There my ancestor Frederick was born about 1785.

8687

Valentine #2 and his family moved to Franklin Co Va. the county just South of Roanoke Va about 1788, where several more children were born. Valentine #2 died in 1825, we have a copy of his will and record of his land purchases.

8688

687 Frederick married Nancy Cochran in 1808 in Franklin Co Va, they had 2 children in this county, then moved with sister and brother in law John and Elizabeth Dame to Marion County Tenn close to 1813, where several more children were born. My ancestor Daniel was born in 1816.

8750 8751

8752 Daniel and his brother Frederick Jr. were in the Cherokee Indian wars in 1836, About this time Daniel married Gemima Smith from Kentucky, and they had their first son John in 1837 in Marion Co. then moved to Dekalb Co Ala, with a brother and his wife Andrew Oyler.

8755 9005

8752 Daniel and Gemima had a total of 13 children, and Gemima died about 1856, and the 1860 federal census, shows that Daniel was married again and had one more daughter.

8756 8794 8838

8863 During the civil war, Daniel and his sons Frederick, Smith, George James (my grandfather) and Gilliam, all enlisted in a company formed by James Cooper Nesbit in Dade County Georgia, this was just across the state line from Daniel and Gemima's home.

8752 Daniel was discharged early due to sickness, the rest of the sons became a part of the 21st Georgia Infantry that spent most of its fighting under General Stonewall Jackson and General Robert L Lee.

I believe their regiment was in about 30 battles during the 4 years until the surrender by Lee to General Grant at Appomattox 1865.

8917

Gilliam was killed at the 2nd battle of Bull run in 1862 August, the rest were wounded or captured.

8794

After the war, great Uncle Smith Oyler came to Christian Co Ill, then James and Andrew followed about 1869.

FAMILY BACKGROUND OF MONROE OYLER

8864 My paternal grandparents were James Monroe Oyler, and Mary Elizabeth Watts. He was born in Dekalb Co Ala. in 1843 and died in 1926 on his farm North of Taylorville Ill, in Christian County. Grandmother Oyler was born 1855 in Anderson County Ky. She died in Christian County Ill in 1939. 8863

They were married in 1873 near Sharpsburg, Buckart Twp. Christian County Ill, at the home of her sister inlaw, Mrs Harvey Watts. My grandparents purchased an 80 acre farm North of Taylorville about 1880 for about 1,300.00. They had 5 children, all of which are pictured in a family photo taken about 1890. My father is the boy standing at about the age of 13.

My maternal grandparents were John William Vaughan, and Altha Mae Clark. My grandfather was born 1858 in Nicholas Co Ky, and came to Ill with his family about 1869. Grandfather died in Taylorville in 1941. Grandmother was born 1870 in Christian Co Ill, she died in 1951. 33714 33715

I, William Monroe Oyler was born on my grandfather Oyler's farm North of Taylorville on 26 of February 1914. I was the first child of my parents, and was named after my 2 grandfathers.

Here are some snapshots of my mother before she was married and myself when I was a baby.

MONROE DYER & DOROTHY KRIEGER WERE
MARRIED APRIL 2, 1934

8893

My sister Dolores was born 1915, twin brother and sister, Paul and Pauline were born 1918. Our parents moved about this time approximately one mile West, and 3 more brothers were born: Robert 1926, Harlow 1927, and Dwayee 1931.

Here are the pictures of the 4 oldest Oyler children, taken about 1922 in Taylorville Ill.

From the left are Monroe, Paul, Pauline, and Dolores

My parents lived with my grandparents for about 8 years, then rented a farm from a distant cousin Lewis Hedden, about 1 mile West, this farm contained 80 acres. My father continued farming both farms.

8863

Some of my earlist experiences was listening to my grandfather tell about his childhood and a member of a family of 14 children. He told me about his family being in the confederate army, including his father Daniel, and brothers Frderick, Smith, George, and Gilliam.

I, KENNETH D. BROOKS, County Clerk in and for the County and State aforesaid, do hereby certify the above and foregoing to be a full and complete copy of the Report of the Birth

I first learned to help do farm work, at about age 9. My father taught me how to plow with a single moleboard walking plow. The occasion was plowing up a pasture that my grandfather said had not been plowed for years.

I also learned to do all types of other farm work, such as milking cows, feeding the pigs, feeding chickens, feeding horses, pumping water into the live stock watering trough, cutting, stacking, placing hay in the barn loft hay mow.

During the winter, my parents and neighbors who came to help, as this type of work took several hands, and people traded work back and forth. We would kill and cut up hogs, to make lard, sausage, hams, bacon.

The whole family was involved in this work, and the neighbors who helped generally took home such things, as liver, brains, hearts, tenderloin to eat while they were freshly killed. The rest of the meat was cured by smoking, or applying a liquid smoke flavored curing solution, or just plain rubbing the meat with salt and wrapping it into paper to hold the salt against the meat.

I also received plenty of opportunities to what I considered more hard work, such as digging postholes and buiding fence to keep livestock penned, hauling manure from the stock barns and scattering on the fields, helping shuck corn, cut wheat and oats, shock it then assit in threshing it later during the summer.

Some of the pleasant memories were the get togethers of our school mates on Saturday nights where we had weiner roasts, played games. This was quite often done in some parents home.

We had lots of family get togethers, as both of my grandparents had lots of relatives living within a few miles. We started having a Oyler reunion in 1928, about 2 years after my grandfather Oyler had died. He still had 2 brothers who came to Ill with him from Alabama, who were living.

At these reunions, which I have copies of the attendance, and records that were written each year of births, deaths, marriages. Our Oyler family reunion composed of the descendants of 3 brothers, Smith, James, and Andrew, met annually from 1928 until 1954.

One of the interested parts of life was the attendance for 8 years at the one room country school, about 3 miles North of Taylorville, located on what commonly ~~known~~ then as the "four-mile lane" but now called the "Mt Auburn Hardroad".

There probably were any where between 18 to 33 pupils in school in any given year. Often times the teacher did not teach all 8 grades in a year, but rather advanced pupils from the 6th grade as an example to the 8th grade, then next year they would have to take the 7th grade, and of course there was always some grumbling when the student had to return to the 7th grade.

I had the job for one or two years, ~~of~~ being the janitor, the teacher paid me \$4.00 per month for building fires in the furnace, sweeping the class room, and washing the slate black boards.

We had monthly P.T.A. meetings, which most people enjoyed, where we would eat potluck, and after a business meeting there was always some type of entertainment. Quite often this consisted of plays put on by the students, eventually even the adults were included.

I will never forget the time we had a county wide 8th grade graduation ceremony at Taylorville the county seat, in the court house grandjury room. At that time we each received a diploma with a ribbon ties around it.

We attended the first Baptist Church in Taylorville as long as I could remember, my dad would hitch up a horse or a pair of horses to a buggy or surrey and mother and we children would drive to Taylorville and tie the horse to the community hitch rack, then walk about 4 or 5 blocks to church. My dad never would go to church, even though he had as a young man, and had accepted Christ as he was a member of the same church.

I accepted Christ during a revival we had in our church when I was about 13. I will never forget the encouragement I received that day to make a decision for Christ, my mother talked to me, my teacher Tom White, and some of my class mates, James Oldham and Howard Buckler.

The next series of pictures are made when I was young, one shows my father and mother about 1919, and my sister Dolores and myself apparently trying to hide our faces from the sunlight. This picture, I recognize as my parents standing outside my grandparents farm home, near an old "Milkhouse" we used to call it, that was the place we operated the cream separator to remove the cream from the skim milk, before it was fed to the pigs and chickens. Also in this milk house was a water trough that we used to cool down the cream.

The other pictures are of my brother Ewayee, Robert, sister Dolores, and Dorothy and I after we were married.

HIGH SCHOOL YEARS, AT TAYLORVILLE HIGH SCHOOL 1927-1931

Upon graduation from the Sharp's country School, my mother insisted on my attending high school. My dad was from the old school, that comes from the farm back ground that education beyond grade school was unnecessary.

At any rate my mother won out, so I started attending the high school in Taylorville, that probably had 500 to 600 ~~hundred~~ students, many of them came from smaller high schools in the county, where at that time only had high school through the junior year.

This was my first experience of being kidded a lot, for two reasons, since my name was "Oyler", I was called "Greaser", and other nickname was "Apple-knocker, or hayseed", I presume because I was from the farm, and I did not have very good clothes to wear.

I enjoyed high school, particularly English, and Drafting, I was on the art staff for the high school annual, and I participated in several plays, and ran on the track team, in the distance runs

The picture below is my graduation picture that appeared in the annual:

Upon graduation from high school, I had hoped to go ~~on~~ to college, but due to my parents not having the money, nor my dad being sufficiently interested, and I will have to admit I was not motivated enough to pay the price, I did not go.

So, during the next year after high school graduation, I helped my dad on the farm, and we had an additional piece of work to do to survive, and that is provide heat for our home, due to our inability to buy fuel. ~~So~~ we worked in the timber frequently cutting wood, and bringing it home to be cut into stove lengths, so we could heat the house and cook our food.

During this time, I went back to high school for awhile learning to operate a typewriter and taking some additional mathematics

YEARS WORKING AT THE COAL MINE, 1933-1939

About 1932, there was a major strike among the workers at the mines in Illinois, caused in part by dissatisfaction with John L. Lewis, the United Mine Workers president, this resulted in forming a competitive union, called the Progressive Miners of America. The United Mine Workers union finally voted to return to work at the mines, but the P.M.A. remained on strike and picketed the mines, resulting in much violence and mob action.

The Governor sent in the National Guard to maintain peace, so there came a time during these troubled economic times for people that wanted to walk across the picket lines with the UMWA, could get a job. I was one of these people, our daily wage amounted to about 3.50

While in the mine, these 6 years, most of my work, was around the tippie or superstructure where the coal was graded and loaded into railroad cars. My jobs were picking rock out of the coal, greasing the machinery, operating the machinery that loaded the cars, bringing down empty railroad cars off of the "hill", which was the term used by the miners for the high grade on one side of the mine, where the railroad switch engines pushed empty cars up on, then the cars would roll down the grade on the other side under the tippie to be loaded and finally released out in the load yard at the other end of the tippie all loaded with different sizes of coal, waiting for the train crews to pull them away, when there were sales made.

One of the problems of the times there was not enough sales for the 80 to 100 railroad cars of coal, our mine produced, that we would have dependable work. I calculated that we only averaged about 3 days work a week, while I was at the mine, so you can see that I had a lot of time, which I spent working for farmers in the Stonington area after I was married for 75¢ to 1.50 per day.

MY MARRIAGE TO DOROTHY LOUISE KRIEGER, IN 1934

Probably one of the most important acts of my life was meeting my future wife. This occurred one Saturday evening in Taylorville, just after Dorothy had graduated from Stonington High School,.

She and some of her girl friends had come to Taylorville to attend a movie, where I and a boy friend met them at the theatre, my opportunity to know her was only very casual that first time, but the next morning at Sunday School at the first Baptist Church, I saw her again, as she was staying with her cousin Vivian Foster in Taylorville over night, and since Vivian belonged to our church Dorothy attended the next Sunday morning.

That afternoon, I and a friend were down on the public square in Taylorville walking around, when Dorothy's cousin walked out of his car parked on the square and asked me to come over and meet Dorothy, which I was happy to do. ~~When~~ we arranged to have a double date right then for next weekend, because I had no car, and my boyfriend did, Dorothy got a girl friend of hers to go, so we had several double dates like this. Finally I decided to buy a used Model A Ford, a 1928 model with a stick shift.

From then on we went together, until the following Spring, one day Dorothy's mother Minnie Krieger told me that I could ride in their car to Burlington Iowa to meet their family, where Dorothy was born. Since the mine did not work that week end, I went to Burlington with Dorothy, her mother and brother Kenneth.

On the way to Burlington, we decided to get married, so Minnie approved even though my father in law Gus Krieger was not present, when we arrived in Burlington, Dorothy's Aunt and Uncle Charley and Lena Moehn helped me get the marriage license, and be married by Aunt Lena's pastor Rev Blunt of the Walnut Street Baptist Church.

I met many of Dorothy's relatives who were all first and second generation Germans at a big family dinner, at Dorothy's great Aunt and Uncle's home Fred and Lena (Taunt, German word for Aunt) Breaker.

We returned home Sunday afternoon, and when we arrived in Stonington we told my father in law Gus Krieger, he was hurt because we had not asked his approval, but in the meantime Dorothy and I decided not to make our marriage public yet, because we did not have money to set up house keeping, and besides my parents were somewhat dependant on my wages for household needs for our family.

The next page shows a copy of our marriage license on April 2, 1934

We were so poor that when I went to Burlington, I only had \$10.00 which was used to buy the marriage license and pay the preacher a little fee. 48

I continued seeing Dorothy about once or twice weekly, after we were married, not saying anything to our friends or relatives, until Minnie and Gus Krieger invited me to come and live in their house. This was about one month after we were married.

So I told my parents, and this made them unhappy, because I had not asked them, and at the same time, I was taking away some of the income they needed, but I moved in with Dorothy's parents. and we lived there for about 2 years, until after our son Gene Kent was born March 18, 1935. He was a big baby, weighing over 9 pounds.

During this time, Dorothy and I saved a little money, enough to buy some new and used furniture, and we started looking around for a house to rent.

We finally located one about one mile west of Stonington, belonging Mr. Mack Dwyer. The land was about 1 acre, that had a 4 room house, a chicken house, and outside toilet, and a area large enough for almost one acre for gardening purposes.

The cost was only to be \$7.00 per month, but the hooker was we would have to fix it up, so we could move in. This required us putting all new floors, plus painting the wood work, and papering all the walls. Mr Dwyer had a new well dug, so we would have good water.

When this was done we moved in, and were we proud of this place, and I don't know what we would have done if my father and mother in law had not worked so hard to help fix the home up, I presume they might have wanted to see us on our own.

I remember one day Mr Dwyer came by after we had been there for 2 or 3 years and offered to sell me the land the house stood on, plus about 10 acres of pasture land that ran back to a creek, for only \$1,800 dollars, at that time it looked like a tremendous sum, but Mr Dwyer said we could pay it just like rent.

I can look back and see what a bargain I was offered, but I can also see, the lack of imagination and courage on my part, for not buying it.

Our son Kent received a very serious burn due to falling a tub of hot water, and this frightened us very much, but fortunately he recovered fairly soon, and only had one scar on his back as result of the burn. I also lost my right little finger about 1936 when it was crushed at the coal mine, this meant that I was off work about 4 or 5 weeks.

One of the interesting things I did was get a start of honey bees, one of our farm neighbors, told me he would sell me an empty beehive, and when one of his hives swarmed in the spring if we could capture the bees I could get a start.

The way this happens, the new queen bee leaves the hive and part of the worker bees go with her, and generally the first thing they seem to do when they leave their first hive, is swarm on a low tree limb, so we set the empty hive under them, cut the limb off and lower it into the open hive and brush the bees into the hive, if the queen crawls in the rest of them go in to. The funny thing is, the bees don't seem to pay much attention to you while they are swarming.

When they went in the hive we nailed on the lid and closed up the slot down at the bottom where they normally leave and return with their nectar, I then took the hive home and set it up in our garden at the furthest distance from the house. We got another start like this, and in the end I had about 7 hives of bees.

We raised a large amount of garden produce, also one or two hogs, and when I worked for some of the farmers, who might be short on money, some of them paid me in produce, even milk, hogs etc.

During this time our second child was born Linda Louise Cyler on July 3, 1939. She was a large baby like Kent, and very cute.

Some of our good times when we were first married, was visiting our friends who also had children on Saturday evenings. We would take the children and they would play together, and we couples would play cards, and take potluck and have a meal before we went home.

At first I attended Dorothy's church, the first Methodist in Stonington, I think for about one year, until I felt I should be going to my own church, the first Baptist, so I joined there, and Dorothy did too.

I remember my first attempt at selling something, a person contacted me one time and asked me to sell Household Paper products to my neighbors and friends. These items were shelf paper, greeting cards, toilet tissue, paper towels, dusting paper etc. This experience gave me some idea that I might like to be in selling.

During this period I was trying to locate another job, away from the coal mine. So I interviewed A E Staley in Decatur, Taystee Bakery in Decatur and Swift & Company at National Stock yards Ill. And I continued this for between 2 to 3 years.

The next items I want you to see is Dorothy's birth certificate, her senior picture, and some pictures of Linda and Kent when they were small.

Here are some pictures of myself, Dorothy, Kent and Linda probably taken around 1941 when we had started working for Swift & Company:

MY YEARS WITH SWIFT AND COMPANY, 1939-1961

As I had said on the previous page, I had tried to obtain work in sales with Swift, Staley, and Taystee.

One day in September 1939, Mr. P J Wright, who had worked for Swift & Company Dairy and Poultry plant in Decatur for many years reached the time of retirement, so he had talked to the Decatur plant manager Mr. H C McCracken, and was asked to locate some young man in the Stonington area. He thought of me, and came by our house West of Stonington, and asked Dorothy if she thought I would be interested, and Dorothy assured him she thought I would be soon when I came home from working at the mine that day, Dorothy gave me Mr Wright's message. I went into Stonington to see Mr Wright and told him I was interested.

He suggested that the next day, the mine did not work, to come and go with him to see the type of work he did. It so happened that the mine did not work next day, so I made arrangement to ride with Mr Wright all next morning to help him call on farmers and buy their poultry and eggs.

I liked it well enough, that I told him soon then he called Mr McCracken the Decatur plant manager, and it was suggested I take what poultry we had bought that morning to Decatur in the afternoon and have an interview.

The result, I agreed and he agreed that I could start as soon as I had resigned my job at the coal mine. This I did the following Monday, the foreman, wished me well.

Begining on a Monday in September 1939, I started almost 22 years with Swift & Company, that required me and my family to move a tctal of 10 times, and my salary which was 18.00 per week in 1939 rose to 200.00 per week by 1961.

I rode a pickup truck with P J Wright for about 1 month, as we called on farmers from Stonington to Mt Auburn, buying their roasting chickens in the fall and their hens that went out of egg production in the spring. We also purchased eggs, hides, wool, and eventually I installed a cream buying station in Stonington.

I sold butter to some of the stores in our area, and baby chicks from our hatchery at Jacksonville. I also stocked animal and poultry feed, in the store in Stonington, where I kept the poultry and eggs, until we hauled them in to the Decatur plant.

About 1½ years after I started buying poultry in Stonington, Mr McCracken asked me if I would be willing to go to Arthur Ill and start a sweet cream route among the Amish Farmers. We needed this cream in the Decatur plant to make ice cream mix.

So begining in January, I and Carl Bergstrom the Field man for our creamery and I drove to Arthur and began calling on the Amish farmers, promising to operate a route there 3 times weekly so the cream that we picked up would be sweet when it arrived at the Decatur plant.

The first customer, we got that day was Noah Yoder who happened to be a bishop in the Amish Church, he gave us 2 or 3 prospects to call on, and from that point on, I drove 3 times a week to Arthur from Stonington, and gradually increased the number of pickups to where I had by spring between 40 to 65 pickups daily.

By then the temperature started to warm up enough, that we decided to increase the route pickups to 6 times weekly, so we hired Clay Starr a local man in Stonington to replace me as the poultry buyer, and I and Dorothy and our children moved our furniture to Arthur, where I had rented a house. ~~to live in.~~

A fter operating from Arthur, I started to have Amish who wanted to ride to Decatur with me, since they knew I was returning there each day. I would normally begin my day about 6 in the morning and by noon I would have most of the route picked, so I would stop at home for lunch, which Dorothy would have ready for me, then there would be an Amishman who would want to ride to Decatur.

W hen we arrived in Decatur, I would take him and introduce him to the creamery foreman, and explain how we received the cream and tested it for sweetness and butterfat content. After that I would introduce him to Mr McCraeken, who would suggest I take him

back to the ice cream manufacturing department and give him a free sample of freshly made ice cream, which no one ever refused.

Then I would set a time for him to be back to the Swift plant so we would leave for Arthur, after the cream was received and the cans washed, so I could continue my route the next morning.

The Amishman would quite often want to buy some of the ice cream which we would have packed in dry ice for him to take home. I believe this kind of treatment of the Amish, helped a lot in getting and holding their business.

I asked the Amishmen how they said in Dutch this question "Have you any sweet cream today?", and their reply in Dutch was "Hast du enny cesar rome, say hight"

It was interesting to observe their habits, especially regarding their worship services. Their church services are held in the homes, not in churches, their entire community when we lived there was divided into 3 districts, with a overseer or Bishop over the district.

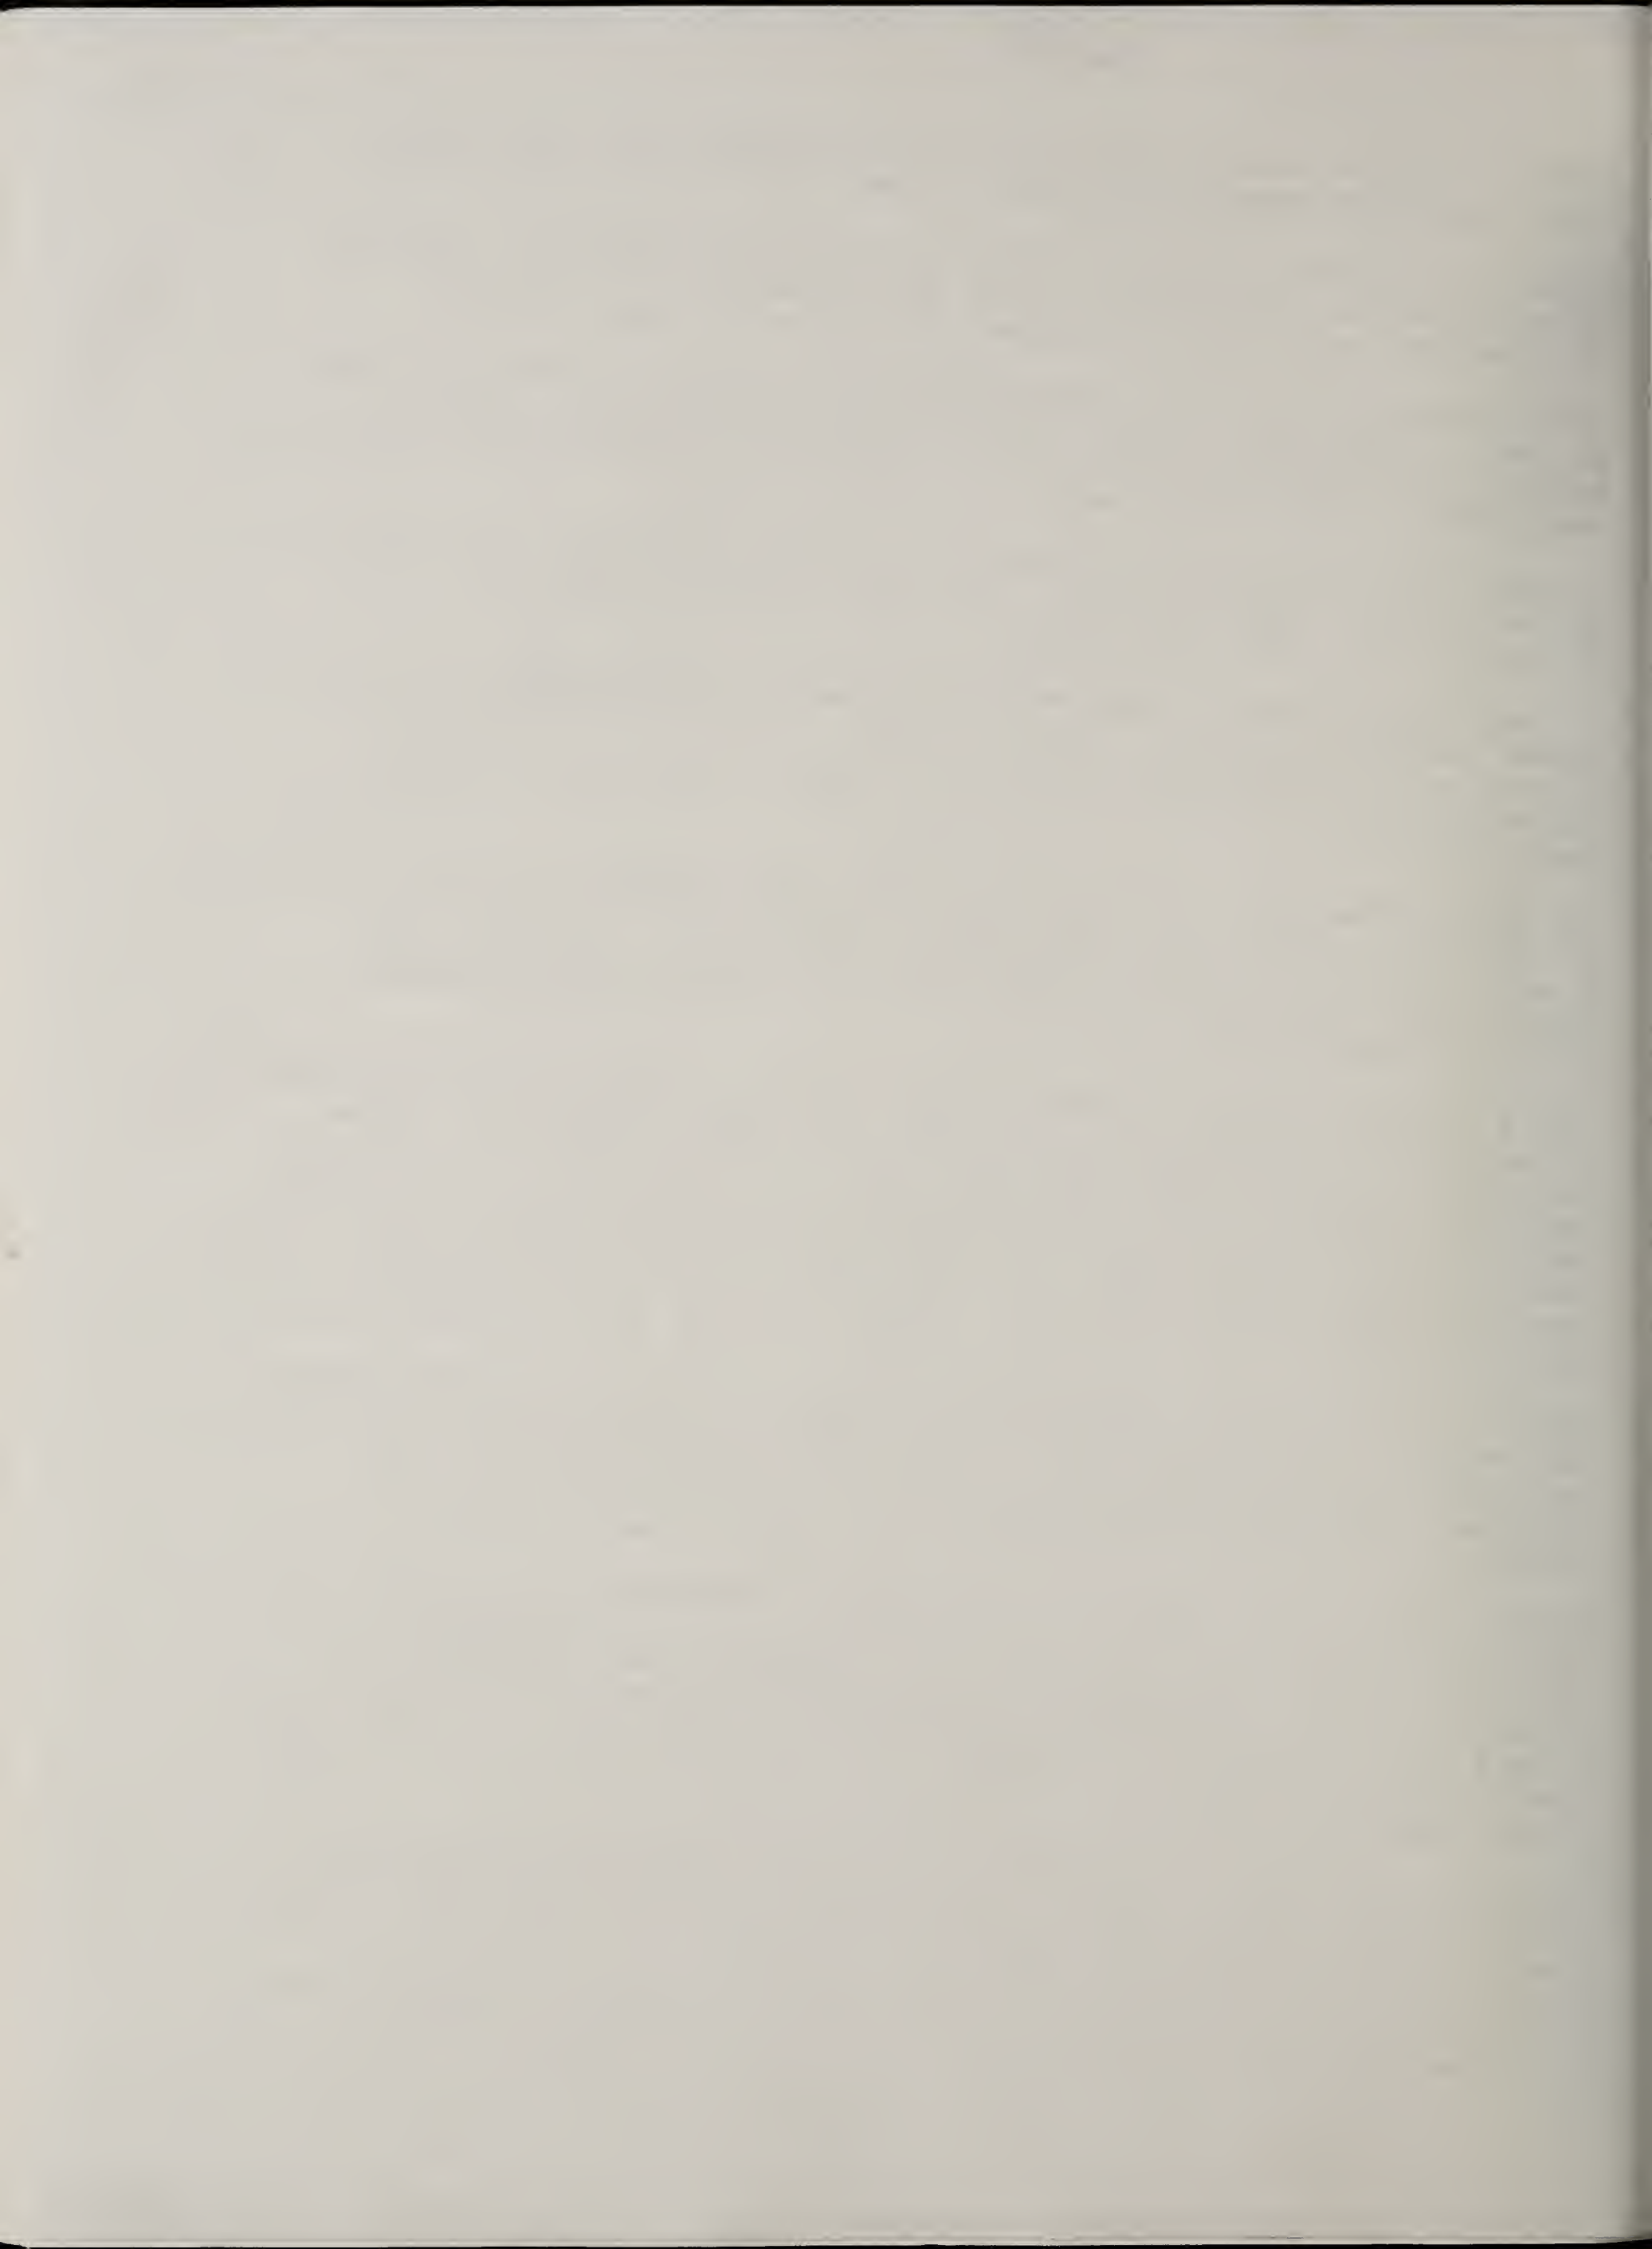

On Monday morning, the farmer who had just hosted the Sunday services at his home would hitch his team of horses to a large box on a wagon that contained all the pew seats that were folded down, this wagon would be delivered where the church services were to be held next Sunday.

The following Sunday members would arrive in their buggies, they generally unhitched the horse from the buggy and put the horse in a barn or somewhere where it could be fed and watered. Worship services would be held, then the host would provide certain parts of the meal, and the balance would be brought potluck by the other members. After their meal, was over the men and women stayed around and visited, and the children played for part of the afternoon, so it appeared they made a social time out of their worship service.

In the fall of 1941 I was asked to move to Decatur with my family to begin a wholesale route selling butter, eggs, cheese and fresh poultry to the stores in Bloomington and Champaign. My future brother in law who was working in the creamery at Decatur was selected to take my place picking up cream from the Amish.

Frank Hubble who came out of Chicago, a former Decatur native was the person who was going to train me to sell dairy poultry products to the stores. He spent about one month with me, giving me the benefit of his experience. I operated this insulated truck carrying these food items to Bloomington and Champaign, twice to each town each week, due to the distance of almost 50 miles, these 4 days were long.

I would have to load up the truck in the morning based on what I anticipated selling, and I would take orders for the next day delivery too. One of the big jobs after the long day was unloading any product on the truck, having it checked in, then going to the office to balance out my sales with the money I needed to have on hand. This was sometimes real difficult.

Shortly after we got started in Decatur on this new job, the Japanese bombed Pearl Harbor on a Sunday, on December 7, 1941. That was a day, many men enlisted in the service right away, the National guard was called into active duty.

Since I was married and we had 2 children, I did not get drafted so I joined the Ill Reserve Militia, this organization met weekly and we were called out one time on an emergency. The Southern Ill rivers included the Mississippi became flooded and our unit was sent there to sandbag the levees. (I am enclosing on the next two pages my discharge from this service).

About a year after Swift decided to discontinue the sales route because of the shortage of gasoline and tires, so I went to work in the plant.

Then a big change came into my life, I was qualified to take management training, for future management of a dairy & Poultry plant. This was normally reserved for college graduates, so was fortunate to be accepted.

During this time, Dorothy and I joined First Baptist church, where she became active as a den mother in the cub scout pack that was organized, and I served on various church boards and committees.

During the management training period with Swift, I was expected to summarize each month what I had learned in the particular department I was working in make a written report and have a conference with the manager.

The only time I was taken out of Decatur for the training, was for 4 weeks in Bushnell Ill plant where I spent 1 week in the hatchery and 3 weeks in the cheese factory.

Then I was promoted to being the creamery field man, this job required me to increase the quality and the volume of cream going to our creamery. This required holding meetings with farmer groups given them help on improving cream quality care, and appointing new cream buying stations, and encouraging farmers to ship cream to Swift by rail baggage car.

Another sad experience happened in 1944, Dorothy's brother Augustus Krieger Jr was killed in the Marine attack at the Island of Saipan in June 1944. Gus had enlisted in the Marines in 1940, and when the Japanese bombed Pearl Harbor he was a marine corporal at San Diego, he married a Taylorsville girl Emma Swedick, who went out to San Diego to marry him and he was shipped out.

He was in the invasion of Guadalcanal, then sent to New Zealand where he attended a officer candidate school and was commissioned a 2nd Lt. After the battle of Tarawa, and some other battles I don't remember he was promoted to 1st Lt, and finally killed on the invasion of Saipan, his body was buried at Saipan, then brought home and buried at Springfield Ill

In 1947 I received notice that I was promoted to be assistant manager of the Swift & Company Dairy & Poultry plant at Jacksonville Ill. Jacksonville is about 30 miles West of Springfield, one of the oldest towns in central Ill. The court house standing now, was one that Lincoln practised law in when he made his circuits.

The town has 2 colleges, and used to have a Ferris Wheel factory, and it has several book binderies. Morgan county is the county, and Jacksonville is the county seat. The church that Dorothy and I belonged to the First Baptist was located on a corner, with 3 other church, and was known as the corner of 4 churches.

We rented an apartment from a descendant of one of the early settlers, a Mrs Cherry, her father once owned a Livery Stable, and operated a drayage business. The apartment still had the gas light fixtures in it from the early days, as well as electric lights.

Morgan county is a rolling terrain, not too far from the Illinois river. Swift & Company had a dairy & Poultry plant, that processed butter, eggs, poultry, dried buttermilk, operated a hatchery, and quite a large retail animal and poultry feed business. Ice cream was also sold wholesale.

Harvey Green was the plant manager, and I helped him do the buying or rather set the prices we could pay, arrange the work schedules through our various foremen, supervise the salaried buying stations, that were operated by man and wife teams, who purchased poultry, eggs, cream, and sold baby chicks, and feed.

The plant hired about 100 people, we sold some of the finished product ourselves, the balance was sold by our Chicago department to sales units, the government, and export.

One of the things I helped start and stimulate, was bringing the entire city sales staff from the East St Louis Swift packing plant about 30 men to Jacksonville to learn about our dairy & poultry products. We introduced the idea, of cutting expense so the salesmen could be more competitive in the St Louis Market. This was accomplished by receiving the orders direct from the sales people, marking the shipping containers with the stop order number and name and address of the customer, and writing the invoice at our plant. It started out all right, but did not continue.

Another thing I worked on was trying to get the farmers to improve the quality of their eggs, at that time all most all farmers sold the eggs at so much per dozen regardless of the size or quality, or cleanliness.

I tried to change that by having meetings with the agricultural classes in various high school, and teaching our salaried buying station people to grade eggs, and we in turn would pay more for nice eggs, and less for poorer quality eggs.

This was a very difficult thing to do, as people are extremely slow to change.

I took a two week sales training course in Chicago Ice cream sales training school about 1947, the picture following this page shows myself and 3 other men, that were part of the class.

Another event occurred to me, when the dairy and poultry department in Chicago, sent a representative to Jacksonville to talk to us about me moving to Chicago to be the assistant sales training instructor as a 3 week class that was being organized in 1948 to teach product knowledge and sales techniques to men who were head of the various dairy and poultry sales departments in the Swift Packing plants in both USA and Canada, and the men in similar position in the large branch houses in the larger cities who handled the sale of D & P Products.

I took the class myself from the instructor, and then continued in this work for about one year, as his assistant.

Dorothy, the children and I moved to Chicago suburb, Merrionette Park in 1948, at that time it was almost impossible to rent a house or an apartment. So we bought our first home at 114th and Whipple street.

We joined the Morgan Park Baptist church, and I rode the street car to work, at the Union Stock Yards which was located about 40 blocks South of the Chicago Loop. Swift had a large 5 story office building setting in the center of all the stock yards and packing plants,

When we moved to Chicago, the management gave me a raise of \$20.00 per week, which was one of the largest raises I had ever had.

After I completed the training period mentioned above, my manager Gardner Cole, who was originally from Texas, wanted me to write a sales training course for the service truck salesmen that were located at several dairy & Poultry plants. This took 3 or 4 months, after the course was approved, which was one of the most difficult jobs I have ever had, I then received approval to write the various dairy and poultry plant managers, and encourage them to send their men to Chicago at their plant expense to receive this 2 week training course that I had arranged.

I believe we had a total of 3 classes of about 10 or 12 men each. When these classes were completed, I then travelled to the plant town and spent 3 or 4 days riding with the salesman to see if he profited by his training. Some of them, naturally did well, some of them were a disappointment.

Our children Kent and Linda were attending the suburban schools Kent was going to the Blue Island high school as a freshman, and showed a lot of interest in football.

I joined a speaking club that was organized at the Swift general office, and later I organized a similar club in our neighborhood which met in our houses.

We made some good friends while in Chicago, both at church, at work, and our neighborhood. Dorothy helped work with the Brownies, for small girl shouts.

One of my most interesting experiences was helping organize a volunteer fire department, and build a building to be the fire house and village hall.

We solicited the neighbors for their financial support, bought an old used firetruck and parked in down in the shopping centers, and sold raffle tickets to raise money to build and purchase equipment.

When we finished the firehouse and got ready to dedicate it I helped make the plans and acted the part of Master of Ceremonies at the day of dedication, you can see the picture below, this was about 1948 or 1950.

About 1950 Our company decided to send some of us men who had been trained in working with the meat-packing salesmen out to headquarter points in various parts of the country to work with the meat salesmen, and encourage them to sell more dairy and poultry products and to teach them how to do it.

So in 1950 we sold our house in Merrionette Park and moved to Decatur where we bought a house at 973 N Fairview av, Kent entered Decatur High School as a sophomore and Linds attended grade school.

We again joined the first Baptist church in Decatur, and our 2 children accepted Christ as their Savior and joined First Baptist in Decatur also.

I was assigned the job with working with the packing plant salesmen at National Stock Yards Ill, St Louis Independant Packing Co in St Louis, and the meat branch houses in Jacksonville, Springfield, Peoria, Galesburg, Indianapolis.

I would visit these units, hold salesmeetings with the manager and the salesmen, and describe any new promotions that were being originated with the dairy and poultry department in Chicago, and then I would work with the man in charge of selling D & P Products and ride with the salesmen.

Sometimes I would help the salesmen set up special store displays in the larger stores where the dealer purchased enough of our products, and encourage them and show them how to increase their sales.

For about 3 years I did this, and in the meantime I watched Kent play football at Decatur High School, which he did very well all 3 years he attended.

Our son Kent started dating Rita Karch, who was in his class at high school, I believe in their junior year. He also got him^{SELF} a job at the purity bakery loading bread trucks after school which helped him support the ford he bought.

When Kent graduated in the spring of 1953, he decided to enlist in the marine corp, which we were not too enthusiastic about, since it was before the fighting in Korea was over.

However before he completed his boot camp training in San Diego the fighting had stopped, but his marine unit was transferred to Korea for a year, to be station on the demilitrized zone.

In the meantime, Swift & Co decided to transfer me back to Chiago where I was assigned to one of the product desks in the dairy & poultry department. We purchased a house at 84th and Justine near Cicero Av in SouthWest Chicago, and joined the Foster Park Baptist church, where I taught a young peoples Sunday School Class.

Linda attended Calument high School, a large school of about 5,000 Students, she was elected Spring Queen at the school her senior year.

Here is where I learned a little about playing golf, which I did several times on Saturdays, when you go to the public courses in Chicago, you have to tee-off early in the morning to avoid being on the waiting list for a long time.

Then I got the news from Swift again that I was being transferred to the Paris Texas, dairy and poultry plant as an assistant manager. This happened in 1957. so we had another house to sell in Chicago which Dorothy put up for sale and Linda continued in high school until graduation, and I was permitted to come home about every 4 to 5 weeks for a 3 day week end.

In the meantime I was sent to the Swift Plant in Muskogee Okla for a one week period to get brushed up on broiler hatchery Operations, since Paris Texas plant had a large hatchery, and this was one of their problems in that plant, as it was losing money.

We were able to talk to the large growers who had anywhere from 1,000 to 5,000 laying hens producing eggs for the hatchery, and result the farmers agreed to reduction in their contracts with Swift which enabled us to stay in business. After this problem was solved, then I was able to turn my attention to helping J A McEddree the plant manager buy broilers, getting them shipped and getting the poultry sold so we could operate at a profit.

Here Dorothy and I joined the large First Baptist church of Paris that had about 1,000 to 1,500 in attendance each Sunday, I taught one of the men's classes. Linda enrolled at the North Texas State college at Denton Texas, and the next page shows a news item in the Paris paper where she is showing us her wardrobe for school.

Again I was transferred back to Chicago after I had been in Paris Texas for about 1½ years, we had a new house built there but were fortunate to be able to sell it in about one week after we put it on the market.

Linda had completed her year at North Texas State College, so she went back to Chicago with us and enrolled in the nurses training program at Presbyterian-St Lukes's school of nursing.

I was working on a product sales desk in the dairy and poultry department, the company had just started to develop a cooked turkey roll for restaurants, a stuffed Butter Ball Swift's Premium turkeys. My job was to help encourage sales and contests through our meat salesmen, so we could keep the plant that was producing these items working steady.

Again we joined another small Baptist church, in Oaklawn, but I can no longer remember the name of it. We bought another house in the suburb of Alsip Ill, near 115th and Cicero Av, and we had no sooner purchased it and Swift told me again I was to move to Greensboro N.C. to assume responsibility of a hatchery that has the capacity of producing about 100,000 broiler chicks weekly and 15,000 turkey poultts.

The hatchery was located near Kernersville N C about 15 miles west of Greensboro and near the edge of the mountains. Here was one big problem, we had no good supply of hatching aggs, and the result, we almost continuously lost money at the hatchery.

When our son had returned from Korea and married Rita March in 1955 in Decatur, pictured here is myself, Dorothy, Linda on the day of her marriage, Rita Kent and their 2 oldest children, Mike and Linda.

while we were in North Carolina, we joined to Imanuel Baptist Church in Greensboro, and I taught a Sunday School class here for young men.

North Carolina is full of historic places, for instance the battle of Alamance, a fight between the english king's men and the North Carolians prior to the Revolutin was a place near Greensoro.

Also the Battle of Greensboro was done about 1781, the actual battle was called the "Battle of Guilford Courthouse" my great-great-great grandfather Samuel Cochran from M Henry Co Va was in the battle under General Nathaniel Greene against the British.

There is a sign at the railroad station, of the Southern Railway in Greensboro, which reads "Jefferson Davis and his Cabinet stopped here in April 1865 while fleeing the Union Army"

Here is a picture of our son Kent and his wife Rita and their 4 children made about 1965 in Decatur, from the left they are Kent, Rita, Laura, Teal, and in the back Mike, and Diana.

I finally decided to resign from Swift & Company after being there for 21 years and I was age 47. The new field I intended to enter was life insurance with Prudential, and Al Todd the Decatur Sales manager for Prudential had been my friend since 1947, so we moved back to Decatur in July 1961, after having lost All pension rights at Swift due to my resigning.

Before I go further I want to show you a picture of our family taken at our house in Decatur about 1953

From the left Lewis Oyler, my father, Chris Lading, nephew, in front Linda our daughter, Connie Mathon, niece, in the back Elsie Oyler my mother, Elmer Lading brother inlaw, Dorothy Oyler my wife, John Mathon brother inlaw, Dolores Mathon sister, and Pauline Lading sister.

We rented a house when we returned to Decatur in July 1961 and paid the rent up for year, since I did not know how I would do in the life insurance business, then as my experience grew we had our present house built in October 1962 at 315 Cambridge Dr, In Decatur after I had been selling insurance for a little over lyear.

Here is a picture of my father and mother taken about 1961

Insurance sales requires a lot of discipline, and ability to accept "No" without feeling that it is directed at you.

The first year I was in the business I earned about one half what I had been earning with ~~Swift~~ & Company, in fact it was about 3 years before I equalled what I was earning at Swift & Company.

But in spite of this I have never been unhappy. I made the change, while I admired Swift & Company, the moving, constantly and being paid a salary is not as nice as working for yourself, which in a sense is what selling insurance is.

About this time our daughter Linda married Dr Bernard Ruder an intern in Chicago in 1964

We rejoined the First Baptist Church in Decatur when we moved back in 1961, I also joined the Breakfast Optimist Club in Decatur which I remained in until I was age 65, serving as president, Secretary-treas., new club bld Chairman, Lt Gov for the district.

I was member of the Decatur Association of Life Underwriters from the time I came here in 1961 until I was age 65 serving on the board, sec=treas and president.

I helped organize the Central Ill Estate Planning Council, which I was president

I attended most of the sales conferences for Prudential during my active years, to be invited to attend you must sell at that time close to 1,000,000 of insurance yearly.

The picture below is one of the conferences, where the senior Vice president of Prudential was making an award to me.

I received my Chartered Life Underwriter designation in 1973 after having worked toward it for 7 years.

Here is a picture of Linda and Bernard Ruder with our 3 grandchildren KATHY, TCDD, AND John., taken about 1981 in their home in Kankakee Ill

I decided to take early retirement at age 62 after about 15 years with Prudential, here is a picture of the party for me in Decatur about 8 years ago.

I am still going to the office, and I will be 70 years old within 4 days (February 26, 1984), but my time at the office is mostly spent about 1 hour on Monday, Wednesday, and Friday. Where I call people I know and try to recruit new agents for our sales manager Donny New to interview.

The other 2 hours weekly, I have been calling people and arranging appointments for our younger salesman to go and make the presentation,

In summary insurance is a wonderful business, as most people do not understand it, and if we do a fair job of explaining the benefits people will buy.

Another nice thing about it, that we, as retired agents continue getting checks for a long time after retirement based on the renewal system.

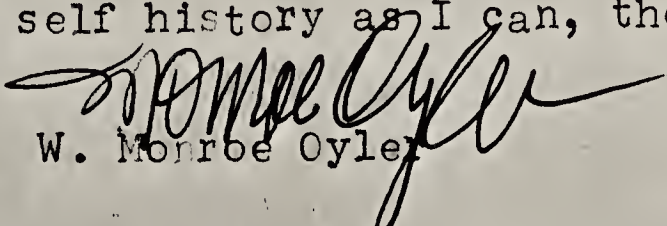

I found from my own personal experience that buying life insurance on my self helped provide Dorothy the income she would have needed if I had died during my working years, but I found out it was an excellent way to force myself to save money, which we have liquidated most of my insurance and put it into certificates of deposit, from which we can use the interest earnings as a source of income.

I am spending a lot of time now reading, generally historical books, doing family genealogy, and attending functions at the church, serving on the deacon board, teaching Sunday School, and doing visiting on members who fail to attend, and explaining the plan of salvation to introduce people to the Lord, who attend the church as visitors, and may not be a Christian.

I have taken up oil painting about 6 years ago and belong to the Decatur Barn Colony, a group of artists, that are made up of beginners, and some who are near being professional artists.

The next two pages show the Oyler reunion we have held here in Decatur back in 1982, we are doing this each year, which shows my brothers and sisters, and their children and grandchildren.

I probably will add more to this self history as I can, the Lord willing.

Let B_t be a Brownian motion starting at x . Then B_t is a Gaussian process with mean x and covariance $\min(t, s)$. In particular, B_t is a martingale. The following theorem is a consequence of the martingale property.

Theorem 2.1.1. Let B_t be a Brownian motion starting at x . Then for any $t > 0$ and $s > 0$, we have

$$E[B_{t+s} | \mathcal{F}_t] = B_t + \frac{s}{t} (B_t - x).$$

where $\mathcal{F}_t$ is the filtration generated by B_s for $s \leq t$. The proof of this theorem is a consequence of the martingale property of B_t . The following lemma is a consequence of the theorem.

Lemma 2.1.2. Let B_t be a Brownian motion starting at x . Then for any $t > 0$ and $s > 0$, we have

$$E[B_{t+s}^2 | \mathcal{F}_t] = B_t^2 + \frac{s}{t} (2B_t x + s).$$

The proof of this lemma is a consequence of the theorem and the fact that B_t is a Gaussian process.

The following theorem is a consequence of the lemma.

Theorem 2.1.3. Let B_t be a Brownian motion starting at x . Then for any $t > 0$ and $s > 0$, we have

$$E[B_{t+s}^4 | \mathcal{F}_t] = B_t^4 + \frac{s}{t} (4B_t^2 x + 4B_t x^2 + 3s).$$

The proof of this theorem is a consequence of the lemma and the fact that B_t is a Gaussian process.

The following theorem is a consequence of the theorem.

Theorem 2.1.4. Let B_t be a Brownian motion starting at x . Then for any $t > 0$ and $s > 0$, we have

$$E[B_{t+s}^6 | \mathcal{F}_t] = B_t^6 + \frac{s}{t} (6B_t^4 x + 12B_t^2 x^2 + 6B_t x^3 + 5s).$$

The proof of this theorem is a consequence of the theorem and the fact that B_t is a Gaussian process.

Helen Norris Becomes Bride Of Robert L. Oyler In Pretty Ceremony

In a beautiful fall wedding performed at a 9 o'clock nuptial high mass this morning at St. Mary's Church, Miss Helen Norris, daughter of Mrs. Anna Norris, and the late Thomas Norris, became the bride of Robert L. Oyler, son of Mr. and Mrs. Lewis Oyler, 622 East Bidwell street. Rev. Fr. Joseph O'Dwyer performed the ceremony before a large group of witnesses.

Preceding the ceremony, Mrs. Fred Pierce sang, "Ave Maria" and "On This Day, O Beautiful Mother" as the bride placed a bouquet of red roses on the altar of the Blessed Virgin.

The bride, given in marriage by her cousin, Paul Rever of Assumption, was charming in a white satin bridal gown, which had a chantilly lace bodice, a nylon yoke, long tapered sleeves which came to a point at the wrist, tiny buttons down the back, and a full length train. Her three tiered hand rolled hem nylon shoulder length veil was fitted to a Juliet cap which formed a crown of seed pearls.

She carried a bridal bouquet of white pompons centered with a white orchid. This was carried on a white prayer book, which was a gift of the groom. The bride also wore a single strand of pearls, a gift of the groom.

Her maid of honor was her cousin,

Miss Mary Lou Norris of Springfield, who wore a beautiful aqua nylon net gown over taffeta, with a velvet bodice and a tiny velvet bolero packet. Velvet autumn leaf designs of aqua were fashioned throughout the full net skirt. She also wore a braided velvet headband, and carried a bouquet of yellow rosebuds.

Bridesmaid was another cousin of the bride, Miss Bertha Rever of Assumption, who wore a wine nylon net gown over taffeta and a braided velvet headband exactly like the ensemble worn by the maid of honor, and carried a bouquet of yellow rosebuds.

Flower girl was Beverly Mintsdoerfer of Assumption, who wore a pink formal and flowers in her hair. She carried a basket of rose petals, which she scattered in the path of the bride.

Best man was James Norris, brother of the bride. Groomsman was Paul Oyler, brother of the groom. Ushers were Don Farri and Bob Williams.

Mrs. Norris, mother of the bride wore a navy blue faille suit, with navy blue accessories, and a corsage of pompons and pink roses. Mrs. Oyler, mother of the groom, wore a black ensemble with black accessories and a corsage of pompons and pink roses.

Immediately following the ceremony, a wedding breakfast was given in the Camellia Room of the Frisina Hotel for members of the wedding party. A reception was held from 2 to 4:30 o'clock this afternoon in St. Mary's School, after which the young couple left on an undisclosed honeymoon trip. Mrs. Gene Long was in charge of the guest book. Miss Harriet Norris cut and served the three-tiered wedding cake, and Mrs. Lois Garriott presided at the punch bowl. Upon their return they will reside in an apartment at 308 East Market street. For her going away outfit the bride wore a grey suit with black accessories, a tiny fur felt hat, and a white orchid.

Mrs. Oyler is a graduate of the Taylorville High School with the class of 1944. She taught rural schools in Christian County for three years, and for the past five years she has been employed as a bookkeeper at Blakely's Department Store.

The groom attended the Taylorville High School, and served overseas in Japan 2½ years with the armed forces. He is now employed at Producer's Dairy Company in Springfield.

THE Lord is my Shepherd: I shall
not want.
He maketh me to lie down in green
pastures: He leadeth me beside the
still waters.
He restoreth my soul: He leadeth me
in the paths of righteousness for His
name's sake.
Yea, though I walk through the valley
of the shadow of death, I will fear
no evil: for Thou art with me; Thy
rod and Thy staff, they comfort me.
Thou preparest a table before me
in the presence of mine enemies:
Thou anointest my head with oil;
my cup runneth over.
Surely goodness and mercy
shall follow me all the days
of my life: and I will dwell
in the house of the Lord
forever.

Travels inspire patriotic music

By BETSEY GUZIOR

Herald & Review Bureau Chief

TAYLORVILLE — Earl Oyler, a local music teacher and singer, remembers what it was like to be away from America.

He was a French horn player in the 24th Army Division Artillery Band and looked with horror upon the land that was Korea, torn by conflict.

"When you stop and think about it, how other people had to live, well then you realize how wonderful it is to be born in America," he says.

Seeing another side of the world inspired the lifelong Christian County resident to write patriotic, uplifting songs.

While most of his piano, music theory and organ students simply know him as their teacher, others know him by other distinctions.

First, he's the 1985 poetry winner of the International Platform Association, the premier lecturers' group that has such members as Henry Kissinger, publisher Malcolm Forbes and psychic Jeane Dixon.

He's also the man who wrote the theme song for Illinois' 150th

birthday and took his tenor-bari-tone voice around the state in 1968 to sing the song.

Oyler is a regular with the Springfield Municipal Opera and is listed in "Who's Who in American Music," "Two Thousand Notable Americans" and other directories that honor the best in music.

Oyler can list all his credentials for anyone, but admits he doesn't get the riches along with the fame.

His songs usually don't get royalties, although they've been played by many different orchestras.

His first successful effort, a set of musical numbers, was for a charity.

His state birthday song, "One Hundred Fifty Years — Our Illinois," was retitled as "Our Illinois, Our Land of Lincoln" and is recognized by marching bands throughout the state.

But, again, never a royalty.

Oyler says he doesn't mind. "I enjoy teaching music, and I like to help young composers."

He also enjoys singing, and still writes patriotic songs.

Earl Oyler

He won the poetry award after he wrote a song called, "This American Dream of Yours and Mine."

The song may become part of the Statue of Liberty celebration that is to be held over the next few months.

Oyler hopes to hear soon from people running the fund-raising campaign.

Then, again, he will sing the praises of the land he cherishes with these lyrics:

"This dream of mine with all our plains and mountains,

"With all our lakes and rivers,

"With all our lands and seasons,

"God gave us many reasons to be proud,

"We're born in the 'Land of the Free,'

"Raised in the 'Home of the Brave.'"

Truck Overturns After Accident With Automobile

A tractor-trailer truck owned by the Midstate Grain Company, Springfield, and driven by Raymond J. Lange, Jr., of Tovey, turned over following a collision with a car driven by Julia N. Hudson, Rural Route 3, Taylorville. The accident occurred on the Nokomis Blacktop, five miles south of this city, at 10:10 o'clock Thursday morning.

According to the report on file at the sheriff's office, both units were northbound at the time of the accident, with the Hudson car getting ready to turn left into a driveway and the truck failing to slow down enough to avoid an accident. Lange was issued a ticket for failure to reduce speed to avoid an accident. The truck, following the initial accident with the Hudson car, then tipped over on its right side on the east shoulder of the roadway. The truck had front end and entire right side damage, while the Hudson car received right rear fender damage.
